ASKS DISSOLUTION OF POWDER TRUST

DuPont Concerns Declared to be Combination in Restraint of Trade.

VICTORY FOR GOVERNMENT

Suit Was Brought in 1907 Against 43 Corporate and Individual Defendants—Action of Delaware Circuit Court.

Wilmington, Del., June 21.—The United States Circuit Court for the District of Delaware today handed down a decision declaring that the alleged powder trust, which is dominated by the E. I. DuPont DeNemours Company, is a combination in restraint of interstate commerce in powder and other explosives in violation of section one of the Sherman antitrust law; that it attempted to monopolize and has monopolized a part of such commerce in violation of Section two of the same law and decreeing that the combination shall be enjoined from continuing this violation and that it shall be dissolved.

The action against the powder trust was begun by the government in 1907 and was directed against 43 corporate and individual defendants. The suit as to 15 of the defendants was dismissed because some of the concerns are out of existence or it was not shown that they were parties to the combination.

The court, in an interlocutory decree, fixed October 16th as the date to hear both sides of the action as to the nature of the injunction to be granted, and consider a "plan for dissolving said combination which shall be submitted by the petitioner and the defendant or any of them, to the end that this court may ascertain and determine upon a plan or method for such dissolution which will not deprive the defendants of the opportunity to re-create out of the elements now composing said combination a new condition which shall be honestly in harmony with and not repugnant to the law."

This follows to some extent the decrees by the United States Supreme Court in the Standard Oil and Tobacco cases.

There are 13 corporate and 15 individual defendants declared to be in the illegal combination. A majority of the individual defendants are members of the DuPont family, all of whom except Edmond G. Buckner, are each directors of the DuPont Company, organized in 1902, and the DuPont Company organized in 1903, or of one of them. Thomas Coleman DuPont, is also president of both of them. Buckner is an active director of the International Smokeless Powder & Chemical Company.

Corporate Defendants.

The corporate defendants are: The Hazard Powder Co., Laflin & Rand Powder Co., Eastern Dynamite Co., Fairmont Powder Co., International Smokeless Powder & Chemical Co., Judson Dynamite & Powder Co., Delaware Securities Company, Delaware Investment Co., California Investment Co., E. I. DuPont DeNemours & Co., of Pennsylvania; DuPont International Powder Co., E. I. DuPont DeNemours Powder Co., E. I. DuPont DeNemours & Co.

The only member of the DuPont family mentioned in the suit, who is not included among those found to be violating the law, is Henry A. DuPont, one of the United States Senators from Delaware. In his case the court found that in June, 1906, a year before the suit was begun "he resigned all his official positions in the defendant corporations and that since that time he has had neither real nor nominal connection with the management of any of the defendant corporations."

The decision written by Judge W. M. Lanning and concurred in by Judge George Gray and Joseph Buffington, goes into the history of interstate commerce in gun powder and other explosives back as far as 1872 when, the government charged the first trade agreement of manufacturers was entered into. The court reviewed the evidence in the case and found when the suit was begun that the DuPont company organized in 1902 controlled in the United States the trade in:

Black blasting powder 64 per cent.; salt peter blasting powder 72 per cent.; dynamite 72 per cent.; black sporting powder 73 per cent.; smokeless sporting powder 64 per cent.; smokeless military and ordnance powder, exclusive of what the United States government itself made, 100 per cent.

The court also found that the DuPont company of 1903 and the Eastern Dynamite Company controlled by the DuPonts, had acquired control of 64 different corporations between April, 1904, and September, 1907, and caused them to be dissolved.

Features of Decision.

The court summarizes the numerous companies controlled by the DuPont Company, organized in 1902 and the DuPont Company organized in 1903, and then discusses whether the combination it found to exist was obnoxious to the provisions of the Sherman anti-trust act and comes to this conclusion:

"It matters not whether the combination be in the form of a trade association or a corporation if it arbitrarily uses its power to force weaker competitors out of business or to coerce them into a sale or union with combination, it puts a restraint upon interstate commerce and monopolizes or attempts to monopolize a part of that commerce in a sense that violates the anti-trust act.

The court finds that the case in hand is obnoxious to the anti-trust law and then takes up the nature of the final decree it shall issue. On this the court is guided largely by the action taken by the Supreme Court in the Standard Oil and Tobacco cases.

"To stop the business of the combination immediately," the court says, "might be attended with very disastrous consequences. The defendants or some of them, for example, furnish military and ordnance powders to the United States government. We understand, also, that they furnish explosizes used in the construction of the Panama canal. Their ability to continue so to do should not be destroyed by the expiration of a reasonable time for adjusting their business to the changed conditions."

MEDICAL SOCIETY ELECTS

Complete Surprise Sprung by Nominating Committee—Hendersonville Next Year—Dr. Murphy, an Officer.

(Special Star Telegram.)

Charlotte, N. C., June 21.—In the meeting of the North Carolina Medical Society this morning the committee on elections submitted its report. This was a distinct surprise, but the society received the report and the following officers were elected:

President—A. A. Kent, of Lenoir.

First Vice President—Dr. J. P. Munroe, of Charlotte.

Second Vice President—Dr. W. P. Horton, of North Wilkesboro.

Third Vice President—Dr. J. G. Murphy, Wilmington.

Essayist—Dr. R. N. Duffy, of Newbern.

Orator—Dr. John H. Tucker, of Charlotte.

Leader of Debate—Dr. M. E. Street, of Glendale.

The house of delegates decided by an overwhelming majority to hold the next annual convention at Hendersonville. The committee on elections had selected Morehead City for the next convention and had named a committee on arrangements from that and other eastern Carolina cities. The society rejected Morehead City and selected Hendersonville and it was then necessary to change the personnel of the committee on arrangements. The new committee on arrangements will be announced later.

The Committee on Elections accomplished its work in a remarkably short time. The committee was selected by the House of Delegates Tuesday afternoon and its work was accomplished Tuesday afternoon and Tuesday night, so that the report was submitted when the convention was opened this morning instead of on the last day.

The committees were named as follows, the first named in each committee being the chairman:

Legislative and Public Policy—Drs. R. H. Lewis, Raleigh; G. G. Thomas, Wilmington, and L. B. McBrayer, of Asheville.

Scientific Work—Drs. L. B. Newell, Charlotte; J. J. Phillips, Tarboro, and J. S. Harlan, Elm City.

Finance—Drs. H. D. Stewart, Monroe; H. M. S. Cason, Edenton, and C. O. Abernethy, Raleigh.

Obituaries—Drs. A. W. Knox, Raleigh; E. C. Moore, Elm City; M. L. Stearns, Asheville.

Delegates to South Carolina Medical Association—Drs. L. D. Wharton, Smithfield; Albert Anderson, Raleigh, and J. P. Munroe, Charlotte.

Delegates to Virginia Medical Society—Drs. J. W. Long, Grensboro; M. Bolton, Rich Square, and F. M. Register, Tillery.

In addition to the election of officers, selection of committees and other business transacted this morning Secretary D. A. Stanton, of High Point, submitted his report, which showed that the society throughout the State is in a most satisfactory and gratifying condition. Reports were received also from the councillor of each of the 10 districts in the State.

Following the reception of these reports the society heard with a fine degree of interest an able paper by Dr. Thomas M. Jordan, of Raleigh, on "The Relation of the Doctor to Public Health as Regards Tuberculosis." Another paper, which was profusely illustrated and intensely interesting to the profession, was by Dr. Samuel C. Gant, of New York, the subject being "Intestinal Tuberculosis."

In the Department of Surgery.

The department of surgery held a meeting in the civil court room following the general meeting and heard a number of interesting papers.

Just before the adjournment of the morning session of the convention, which was after 1 o'clock this afternoon, the election of two members of the State Board of Health were elected to succeed Drs. G. G. Thomas, of Wilmington, and Thomas E. Anderson, of Statesville. Dr. Charles O'H. Laughinghouse, of Greenville, was elected to succeed Dr. Thomas, and Dr. Anderson was elected to succeed himself.

Dr. Thomas was chairman of the board and a new chairman will have to be elected from the board as it is now constituted.

New Orleans, La., June 21.—A married woman in Louisiana cannot even own an automobile paid for with her own money, without its being subject to attachment for her husband's debts. A decision holding this view was handed down today by Judge King in the Civil District Court.

The court sustained an order of attachment filed against Mrs. Walter J. Durand's automobile to satisfy a cleaim of $191 against her husband.

WOOL TARIFF BILL CAUSE OF CRISIS

Finance Committee Was Overthrown as Result of Action in Senate.

DEMAND GENERAL REVISION

Result of Coalition Between Insurgent Republicans and Democrats—Bitter Fight Before the Resolution Passed.

Washington, June 21.—The throwing of the Democratic wool revision bill into the Senate today drove the insurgent Republicans of that body into an open coalition with the Democrats in a demand for a general revision of the tariff, and brought about the threatened crisis in the Finance Committee's control of the Senate. At the end of a bitter fight the resolution by Senator Gore requiring the Finance Committee to report back the wool bill before July 10th, was passed by a vote of 39 to 18.

Western Republicans who have fought the reciprocity measure, taking up challenges thrown down by the Democratic leaders followed each other in rapid succession in their ultimatums to the Senate leaders. These ultimatums were invariably that before the reciprocity bill is permitted to pass a Republican Senate will be forced to undertake a revision of other schedules of the tariff including much more than the woolen revision bill and the free list bill, which have gone through the House of Representatives.

Of the affirmative votes cast for the Gore motion overthrowing the Finance Committee, 16 were Republicans. They were Senators Borah, Bourne, Bristow, Brown, Clapp, Crawford, Cummins, Dixon, Gronna, Jones, Kenyon, LaFollette, Nelson, Poindexter, Townsend and Works. This included the full insurgent strength of 13 and in addition Senators Jones, Nelson and Townsend. Senator Myers was the only Democrat voting with the Republicans against the motion.

As the result of the Senate's action, Senator Penrose before adjournment, called a meeting of the Finance Committee of which he is chairman, for 10:30 o'clock tomorrow morning and he and other regular Republicans predicted than when the Senate convenes at noon tomorrow the wool measure, together with the free list bill will be reported adversely.

Notable speeches on reciprocity were made in both branches of Congress today. Senator Root, announcing that he favored the agreement, advocated and explained his amendment to the wood pulp and paper provision of the bill, around which amendment the reciprocity fight has centered and which amendment President Taft opposes on the ground that it might jeopardize the whole agreement. Republican Leader Mann, in the House, attacked the Root amendment as a violation of the Canadian reciprocity agreement.

Today's fight began the instant that the wool revision bill appeared from the House of Representatives. Senator Gore apparently with the approval of Democratic leaders, moved that the Finance Committee be instructed to report the bill back to the Senate on or before July 10th. His admitted purpose was to prevent the Finance Committee from holding the bill indefinitely or from failing to report it at all.

The result of the Gore motion was to disrupt completely the lines that have formed in the Senate that it cannot be foretold now when a vote can be reached on the reciprocity bill or whether enough votes can be mustered to pass it without amendment.

Senators Cummins, Nelson, Crawford, LaFollette, Jones and other Republican insurgents from Northwestern States, who have opposed the reciprocity bill because of alleged discrimination against the agricultural interests, declared that before a vote would be permitted on the reciprocity bill, they would demand that the other schedules of the tariff be taken up, and would insist upon an attempt to tack many of them upon the reciprocity measure.

The Republican leaders, notably Senators Penrose, Smoot, Gallinger and Lodge, all members of the Finance Committee, declared that such a limitation upon the actions of the Senate's chief committee was "unfair, uncalled for and unreasonable."

Senator Penrose characterized the Gore resolution as "rank absurdity and shallow demagogism."

The insurgent Republicans took up the fight by declaring that the Finance Committee must either report out the free list bill, the wool bill and other measures of tariff revision, or prepare for a long fight to secure a vote on Canadian reciprocity.

The Republican leaders pointed out that if the wool and the free list bills were reported to the Senate now, it would be impossible to pass the reciprocity bill.

Tariff Revision Fight.

The fight over tariff revision that is sure to follow the injenction of the three bills at one time into the open Senate, would endanger the passage of the reciprocity bill, except in such a changed form that the President might find himself unable to sign it.

"If the Senate wants to defeat the reciprocity bill," said Senator Martin,

TAFT ATTACKED DRUG FRAUDS

Sends Message to Congress Urging That Pure Food and Drug Law be Amended—A Blow at False Remedies.

Washington, June 21.—Manufacturers of "dangerous drug frauds" received a scathing arraignment at the ceived a scathing arraignment at the message he transmitted to both Houses of Congress today in which he declared that the pure food and drug law should be amended at once, as a matter of emergency. Recent decisions of the Supreme Court of the United States in which vital points of weakness in the pure food law were pointed out, was the initiative on which the President urged new legislation.

President Taft is of the opinion that the sale of dangerously adulterated drugs, or the sale of drugs under knowingly false claims as to their effect in disease, constitutes such an evil and warrants it being called to the attention of Congress. In part the message is as follows:

"Fradulent misrepresentations of the curative value of nostrums not only operate to defraud purchasers, but are a distinct menace to the public health. There are none so credulus as sufferers from disease. The need is urgent for legislation which will prevent the raising of false hopes of speedy cures of serious ailments by mis-statements of fact as to worthless mixtures on which the sick will rely while their disease progresses unchecked.

"I fear if no remedial legislation be granted at this session, that the good which has already been accomplished in regard to these nostrums will be undone and the people of the country will be deprived of a powerful safeguard against dangerous fraud."

It is expected that the House will take the matter up at an early date.

DEATH AT WASHINGTON, N. C.

Good Wman Passes Away After an Extended Illness.

(Special Star Telegram.)

Washington, N. C., June 21.—Miss Mary Muse Greer died at the home of the late Dr. W. A. Blount, last evening, after an illness of several weeks. She was 55 years of age, a consistent member of the Episcopal Church and possessed many sweet and amiable traits of character. Miss Greer was a native of Washington but for the past several years has been living in Baltimore. She leaves two aunts, Mrs. M. B. Willard, of Graham, N. C., and Mrs. P. A. Patton, of this city; also one uncle, Major Jno. G. Blount, and a nephew, Geo. C. Ritter, son of Admiral Ritter, of Canton, Ohio. The funeral will be conducted from the Episcopal Church tomorrow morning at 11 o'clock and the interment will be in Oakdale.

TARBORO BANK RECEIVER.

Ed. Pennington, at Raleigh, Was Appointed Yesterday.

Raleigh, N. C., June 21.—Ed. Pennington, cashier of the Farmers' Banking and Trust Company, of Tarboro, was today appointed receiver for the Bank of Tarboro, the cashier of which institution, L. V. Hart, shot and killed himself last week, while the examiner was at work on the books and discovering shortages in his accounts. It is expected that the shortage will exceed $100,000 by a good margin.

The affairs of the bank were turned over to Mr. Pennington today.

ROBBERS HELD UP TRAIN.

Mail Clerks Forced to Surrender Registered Mail Pouch.

Memphis, Tenn., June 21.—A northbound Illinois Central passenger train was held up by three masked men on the outskirts of Memphis tonight, and the mail clerks forced to surrender a registered mail pouch. The men made their escape and the train proceeded after information of the hold-up was telephoned to this city. No attempt was made to rob the passengers.

LONDON CROWDED FOR CORONATION

Thousands From All Parts of World to See Royal Ceremonies Today.

GREAT ENTHUSIASM FEATURE

King George and Queen Mary Prepared for the Ordeal—Considerable Anxiety Concerning the Weather—Features.

London, June 21.—The British nation shows not the slightest sign of diminishing favor towards monarchical government. A half century of quiet life under Queen Victoria has been succeeded by a stirring decade, which has seen a coronation and two State funerals. Yet the public appetite is unsated, but rather augmented, in its enthusiasm for royalty and kingly display. Never before has this enthusiasm reached such a high pitch, and the ceremonies attendant upon tomorrow's great event, the coronation of King George V, appear likely to be marked by a degree of excitement and public fervor unrivalled on any great State ceremonies in past times.

The King and Queen spent the day as busily as any previous day of this exciting period, receiving coronation visitors, attending to matters of State and dropping in on the horse show at Olympia. Wherever they appeared they were the objects of unbounded enthusiasm.

The eve of coronation found London at the highest point of fever heat. Immense crowds of preceding days came tonight, seething masses all determined to gain vantage ground to view the morning's royal procession.

Late at night a strong escort of light guards reached Westminster Abbey, conveying a great sealed wagon in which the royal regalia was carried, and handed over the historic crowns, sceptres and swords to the dean and canons, who placed them for safe custody in the Jerusalem chamber, surrounded by an armed guard of eight tower waders, until the arrival of the royal procession.

In preparation for tomorrow's ordeal, and after a trying day, King George and Queen Mary passed the evening along with the Prince of Wales in Buckingham Palace, before which great multitudes waited patiently, hoping to obtain a sight of their majesties.

There had been considerable anxiety concerning the weather, but the clouds gave place at midnight to a beautiful starry sky and hopes rose for tomorrow. Dense crowds of people who had retired early about that time began to make their way towards the center of the city. Late trains and streets, poured thousands upon thousands into the capital until the streets overflowed.

Long before dawn drums and trumpets gave evidence that 60,000 troops were preparing for their strenuous duties and the people waited curiously to see them march out. Several regiments encamped in the outer district started tonight for their positions ng the route.

Portraits of the King and Queen are displayed on every hand. They called forth cheers and cries of "God Save the King."

Thousands of Americans are in London for the coronation. Perhaps the greater number arrived from the continent today and tonight and they are taxing the hotels to the utmost. Every State in the union is well represented.

Among the best known are J. Pierpont Morgan, Mr. and Mrs. August Belmont, Mr. and Mrs. Perry Belmont, Mr. and Mrs. Cornelius Vanderbilt, Jno. W. Gates and Mr. and Mrs. and Miss Branch, of Richmond, Va.

The Duke and Duchess of Connaught ave a dinner tonight at St. James Palace to the representatives attending the coronation officially. The Clarence House, residence of the Duke and Duchess, was considered too small for the function, and the King permitted the use of the States rooms of the historic palace together with the use of the Windsor gold plate. The scene almost equalled in brilliancy that of the royal dinner at Buckingham Palace last night.

Special Ambassador John Hammond and Mrs. Hammond were among those present.

TWO ENGINEERS KILLED.

Fifteen Also Injured in Head-On Collision Near Nashville.

Nashville, Tenn., June 21.—Budd Cleveland and Charles Dennis, engineers, were killed, and fifteen others injured in a head-on collision this afternoon at Mill Creek, on the Tennessee Central Railway.

The Monterey shopping train, which leaves Nashville at 4 o'clock for the East, collided on a sharp curve with a switch engine. The engines and baggage car of the passenger train were demolished, and two passenger coaches telescoped, injuring several passengers. The injured include ex-Governor Benton McMillin, who was slightly hurt.

TAFT TALKS OF SHERMAN LAW

Comments on Recent Trust Decisions of Supreme Court at Yale Alumni Luncheon—Tribute to the Higher Court.

New Haven, Conn., June 21.—In a speech at the Yale alumni luncheon here today President Taft made his first public comment on the decisions of the United States Supreme Court in the Standard Oil and American Tobacco Company cases.

The President made it clear that in his opinion these decisions have cleared the way so that all honest and intelligent business men can proceed without fear of the Sherman antitrust law. He expressed the belief that much of the doubt, that in the minds of many business men and lawyers hung about that law, has been dispelled and that business all over the country will be greatly benefitted thereby. Associate Justice Lamar upon whom Yale today conferred the degree of Doctor of Laws, sat on the platform with the President and listened with evident interest to the latter's glowing eulogy of the court.

The President said in part:

"The University has today honored a Justice of the Supreme Court of the United States. It is a deserved honor. The most sacred function that a President has to perform is the appointment of men to that body. It is the bulwark of our liberties. In its work of construction it recognizes the wonderfully comprehensive character of our constitution in meeting the needs of sane progress; but it stands between us and extreme and unwise radicalism. It stands for the institutions that served our fathers, and will continue to serve us if the country is to live. It has fallen to my lot to have five members of that court bear my commission—a lot, I think, that has fallen to but few presidents— and there is no duty that I have discharged that has given me more heartfelt concern, that has worn more upon my conscience than the selection of the men—pure and upright of character, able and learned in the law, jurists and statesmen, with courage to decide and assert their right. Whether that duty has been well performed or not, the country must decide but I am willing to stand upon the record of the court as now made, short as it is, since the five were appointed.

"The country has hung upon the decisions of that court in respect to a statute, the construction of which has given great concern to the business and other communities of this country. I believe those decisions have done, and will continue to do, great good to all the business of the country and that they have laid down a line of distinction which it is not difficult for honest and intelligent business men to follow. They have said that that statute applies to conspiracies and attempts to restrain trade which are undue or unreasonable, because their intent and effect is partly or wholly to monopolize, to exclude or suppress competition, and to control prices—and not to combinations or associations in the normal development of business where there may be some incidental restraint that was not the object of the combination or the association. Therefore, it becomes largely a question of fact and a question of conscience with the business community that they can well follow and make the standard of their future action."

BRISTOW FEATURE OF BILL REFUSED

House Declined to Concur in Senate Amendment to Direct Vote Plan.

STANDS BY FORMER ACTION

Voted Down Amendment to Leave With Congress Power to Regulate Election of Senators. Goes Back to Senate.

Washington, June 21.—The House of Representatives today, by a vote of 172 to 112, practically a strict party vote, refused to concur in the Bristow amendment adopted by the Senate to the House resolution providing for the direct election of Senators. The Bristow amendment leaves with Congress the power to regulate the time and manner of holding these elections, while the resolution passed by the House during the early days of the present session would change the constitution so that "the times, places and manner of holding elections for Senators shall be as prescribed in each State by the Legislature thereof."

Representative Sells, Republican, of Tennessee, voted against the amendment, while Mr. Burke, Democrat, of Wisconsin, voted for it. The resolution, therefore, is returned to the Senate for reconsideration by that body as to whether it will reverse its former action.

The motion that the House concur in the Senate amendment was made by Representative Olmsted, Republican, of Pennsylvania. Those who spoke in favor of it were Representatives Olmsted, Young, of Michigan; Norris, Moon, of Pennsylvania; Cannon, Prouty, Jackson, Madden and Mann, all Republicans; those against it, Representatives Rucker, of Missouri; Cullop, Hardy, Clark, of Florida; Sherley, Witherspoon, Bisson, Hughes, of New Jersey; Randall, Richardson and Heflin, all Democrats.

The Democrats protested that the people of the States could safely be intrusted with the power of controlling the elections of their representatives of the upper House, while the Republicans contended that such delegation of authority would take from Congress power which it should retain.

Representative Rucker, of Missouri, in charge of the resolution on the Democratic side, declared that it was "the command of the American people that the election of United States Senators be taken out of the market."

"I have no fear of the people," he said, "but of the combinations behind closed doors which trample on the most sacred rights of the people. Give the States just a little more power and we'll take the lumber trust, the sugar and all the other trusts out of politics."

Representative Mann, on the other side, asserted that this was an attempt of the Democrats to accomplish indirectly what they had been unable to do directly.

"You are afraid," he said, "that your grandfather clauses will be declared unconstitutional."

"I have spoken on the stump for ten years in favor of direct election of Senators," said Representative Prouty, of Iowa, "but I would prefer to leave the constitution as it now stands rather than yield any of the power of the Federal government to the States."

The resolution, when it is returned to the Senate, is expected to precipitate a lively discussion, but it is anticipated that it will go to conference within the immediate future.

STOLE OVER A MILLION.

Receiver for Dissolved Religious Congregations Convicted.

Paris, June 21.—Ferdinand Edmond Duez, receiver for the dissolved religious congregations, was convicted by a jury today of embezzling $1,200,000.

Duez was judicial administrator of the civil tribunal of the Department of the Seine. He was in charge of the liquidation of the property of 13 of the congregations dissolved by the association law of 1901. In March, 1910, Duez confessed to the embezzlement of $2,000,000, and was held for trial before the Assiz court, charged with breach of trust and forgery.

Duez was sentenced to 12 years imprisonment at hard labor.

Charles Breton, a lawyer, and Henri Lefebvre, a clerk, were convicted of aiding and abetting Duez in the embezzlement and were sentenced to two years imprisonment, which was suspended, pending good conduct.

COMMERCIAL EXPERT PASSES.

Willard P. Tisdel Dies in Washington From Heart Disease.

Washington, June 21.—Willard P. Tisdel, one of the leading commercial experts of the United States, died at his home here today of heart disease. He was born at Madison, Ohio, 67 years ago and served during the Civil War with the seventh Ohio regiment. During a varied and notable career, Mr. Tisdel occupied many positions of prominence. His latest achievement was the building of a link to the Pan-American Railway in Guatemala.

Suit Against the City.

Through his attorneys, Rountree & Carr, former City Engineer C. R. Humphreys brought suit yesterday in Justice Harriss' court against the city of Wilmington for $178.33 alleged to be due him as salary for 25 days during the month of May. The case was called for trial at 1 o'clock yesterday afternoon and judgment for the amount was entered in favor of the plaintiff by consent of counsel for the defendant, choosing to make his fight in Superior Court to which he appealed the case. Mr. Humphreys held over at the request of the Mayor until his successor in office took charge June 1st, but the Council declined to approve the bill on the ground that there was practically no work for him to do during that period.

Judgment for Plaintiff.

There was a hearing before Justice W. L. Burkheimer yesterday afternoon in Magistrate Harriss' office in the claim and delivery proceedings instituted some days ago before Justice Harriss, by J. D. Orrell against Walter Sneeden and Winks Rogers, for the recovery of a horse. After hearing the testimony, the magistrate decided in favor of the plaintiff and the defendants took an appeal to Superior Court. Marsden Bellamy, Esq., represented the plaintiff, while the defendants were represented by L. Clayton Grant, Esq.

Will Make Journey More Pleasant.

In reference to the additional Pullman accommodations on the Seaboard Air Line between Wilmington and Charlotte, the Charlotte Observer of yesterday had the following: "Mr. H. S. Leard, division passenger agent of the Seaboard Air Line Railway with offices in Raleigh, spent yesterday in the city and while here announced that beginning this afternoon at 5 o'clock there would be full Pullman accommodations to and from Wilmington as follows: Either a berth on a sleeper or a seat in a chair car would be available to all passengers en route to and from Wilmington and Wrightsville Beach. This announcement of additional service will be hailed with delight by those who intend to spend their vacations at Wrightsville or those who plan to run down for a dip in the surf Sundays, for it will ensure the best facilities for getting into and out of Wilmington. The full service will commence this afternoon at 5 o'clock."

GREAT WESTERN TOUR.

Trip of Rev. William Black to Great West, Via Seaboard.

Mr. H. S. Leard, district passenger agent of the Seaboard Air Line Railway, was in the city yesterday making final arrangements for the great Western tour which leaves Charlotte and other points in the Carolinas on Thursday, June 29, via Seaboard Air Line Railway, under the management of Rev. William Black.

Mr. Leard reports the prospects for a full party to be fine. They have hundreds of inquiries and many besides those actually registered are planning to go, and the probability is that all their space will be occupied and reserved before the time to leave.

Dr. Black has managed successfully several parties before and has put forth his best efforts to make this the most complete, most magnificent and extensive trip that has ever gone from this section. On this train composed of Pullman cars, dining car and baggage, will be a full train crew of the most experienced men, and on every line over which the train passes there will be representatives of the railroad companies to point out objects of interest and look after the welfare of the passengers.

There will be no transferring from one train to another as it will be run especially for the party and all meals while en route will be taken in the dining car.

Besides the great number of those who are inquiring and have indicated a desire to go with the party, the following have registered up to date:

Messrs. C. P. McNeely and L. A. Lowrance, Mooresville; Misses Mary Irwin, Violet Alexander, Louise Murphy, Foy Austin, Mary Johnston, Mrs. Latta Johnston, Messrs. W. H. Belk, W. H. Hand, Rufus Johnston, C. L. Black and William Black from Charlotte; Dr. and Mrs. C. J. S. Brooker, Bamberg, S. C.; H. G. Welborn, Columbia, S. C.; J. P. Meetze, Lexington, S. C.; Misses Annie Lee McNeill, Florence, S. C.; Kate McSween, Timmonsville, S. C.; Mrs. Margaret McGirt and Mr. McGirt, Darlington, S. C.; Mrs. D. P. McEachern, Miss Anna Townsend, Red Springs; Miss Kate McArthur, Miss Margaret McArthur, Fayetteville; Miss Alma Marsh, Marshville; Miss Sadie Belk, Mrs. D. A. Houston, Monroe; Dr. and Mrs. H. M. Eddleman and Miss Mary Ragan, Gastonia; Mrs. Shade Wooten, LaGrange; Mr. and Mrs. D. W. Bethea and Miss Janie Bethea, Dillon, S. C.; Miss Jessie E. Massey, Durham; Mr. and Mrs. Walter Smallbones and two daughters, Mr. Alexander Sprunt, Wilmington; Rev. W. M. Walsh, Statesville; Miss Gladys Cummings, Reidsville; Mrs. W. A. PROGRAMME IS ANNOUNCED

Many Prizes to Be Awarded to the Winners of the Fourth of July Events at Wrightsville Beach

The programme of the athletic events at Wrightsville Beach for July Fourth has been announced and a number of most attractive prizes are offered by the Tidewater Power Company to the winners of the various races, jumping contests, tug of war, etc. The Fourth is usually the really big day of the year at the beach, so far as Wilmingtonians are concerned, and on this occasion they flock to the resort as at no other time. Doubtless many of the athletes of the city will go in training at once, in order to be in the best of condition by the day of the contests.

An interesting feature of this year's event will probably be a tri-angular contest by the Wilmington Light Infantry, the Boys' Brigade and the Y. M. C. A. for a banner, which will be given by the Tidewater Power Company to the team scoring the most points in the whole event. While this has not been definitely decided on as yet, the company has provided the banner and it is almost certain that the three organizations will enter into the spirit of the thing and go after the prize with the good-natured rivalry that always marks their athletic contests.

Those who have been appointed to officiate in the contests are as follows: Chas. Dushan, referee; J. B. Huntington, marshal; Wilbur Dosher, clerk of course and starter; F. G. Duls, scorer, and H. G. Ford and Chas. N. Evans, judges.

The programme of events, and the prizes as announced yesterday, follow:

100-yard dash, boys under 85 pounds—first prize, silver cup; second, three tickets; third one ticket.

100-yard dash, over 85 pounds—first prize silver cup; second, three tickets; third, one ticket.

Running broad jump, under 85 pounds—first prize, two medals; second, three tickets; third, one ticket.

Running broad jump, over 85 pounds—first prize, two medals; second, three tickets; third, one ticket.

Sack race, under 85 pounds—first prize, silver cup; second, three tickets; third, one ticket.

Flag race, under 12 years old—first prize, signet ring; second, three tickets; third, one ticket.

Flag race, 12 years and over—first prize, gold brooch; second, three tickets; third, one ticket.

Three legged race, under 85 pounds—first prize, two medals; second, three tickets; third, one ticket.

Three legged race, 85 pounds and over—first prize, two medals; second, three tickets; third, one ticket.

Tug of war, six men on a side, captain included—Twelve tickets.

Potato race, under 85 pounds—first prize, silver cup; second, three tickets; third, one ticket.

Potato race, 85 pounds and over—first prize, silver cup; second, three tickets; third, one ticket.

220-yard dash, under 85 pounds—first prize, silver cup; second, three tickets; third, one ticket.

Afternoon Races.

Swimming race—first prize, silver cup; second, three tickets; third, one ticket.

Canoe race—first prize, silver cup; second, three tickets, third, one ticket.

THE RECORDER'S COURT.

Negro Given 12 Months on Roads for Non-Support—Whiskey Cases.

There was not much doing in the Recorder's court yesterday morning. The case of Thomas Mask Jones, colored, charged with selling whiskey, was set for hearing for the third time but as the drawing of a jury had been overlooked it was continued until next Tuesday. Jones has already been tried twise, each resulting in a mistrial. The case against John Bradshaw, a white man, charging a similar offense, will be tried next Wednesday and the one against Ralph Kennedy, also a white man, will be heard next Thursday. Both cases were heard last week, resulting in mistrials.

The Recorder announced his decision in the case against Frank McRae, colored, who was tried at Tuesday's session on the charge of non-support. The judgment of the court was that he serve a term of 12 months on the county roads. The case came up from Justice J. W. Smith's court. A. Dugin, colored, was required to pay the costs for permitting his horse to stand on the streets untied. One drunk was required to pay the costs in the case.

Blind Horse Runs Away.

A blind horse hitched to the delivery wagon of the Wilmington Furniture Company furnished considerable excitement on Second and Market streets yesterday when it became frightened for some unknown reason and ran away. In his blind dash he ran into the small delivery wagon of Coster, the Cleaner. The force of the collision stripped the wagon from the small pony that was hitched to it, and also did considerable damage to the wheels. In front of the Farley clothing house the frightened animal caught one of the wheels of his wagon on an awning post and his unwonted flight was brought to an abrupt end.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from long hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay fever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin. — "For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can not thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me." —Mrs. John Wentland, R. F. D., No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

HENRY JEROME STOCKARD, President, Raleigh, N. C.

HEARING DRAGS ALONG.

Vice President of Ware-Kramer Co., Completes His Testimony.

Raleigh, N. C., June 21.—In the $1,20.,000 damage suit of the Ware-Kramer Tobacco Co., against the American Tobacco Co., for violation of the Sherman anti-trust law, there was today only the cross-examination of one witness, Sam Kramer, sales manager and vice president of the Ware-Kramer Co.

The questions were as to the letters written by him to the company, the defense construing these to show that the Ware-Kramer Co., used the same methods charged against the American Tobacco Co. The witness denied any fight on that company's goods, claiming that he only sought business for himself.

At the afternoon session, the cross-examination of Vice President Kramer was concluded and that of his son, H. M. Kramer, a traveling salesman for the company, continued into cross-examination. The evidence was as to free goods, coupons and special terms, killing the sale of the independent goods. The defense brought out testimony that the plaintiff had used in places the same methods, but the witness said that only where they had no traveling salesman that they gave jobbers extra discounts.

In closing the cross-examination of Mr. Kramer, pound boxes of cigarettes were produced for the jury to inspect and various lawyers were jokingly asked to produce their favorite brand in the midst of merriment. Judge Connor headed them off with the facetious remark: "Every one of you who have cigarettes ought to be indicted for carrying deadly weapons."

H. M. Kramer told of building up an extensive trade on White Rolls in Charlotte, Winston-Salem, Concord, Wilmington, Greensboro, Durham, Asheville and other towns and of the A. T. Co's. free oods rebates, coupons and other concessions that harmed White Rolls to 10 per cent. of the whole trade.

On cross-examination he admitted writing the factory that he found that "hard cigarettes and not coupons" were the cause of the complaint against White Rolls at Washington. He admitted that he had quantities of sample cigarettes distributed, about half to consumers, giving the rest to retailers or jobbers for pushing the Ware-Kramer goods. He admitted he received a letter from F. D. Ware telling him the anti-trust fight in the North Carolina Legislature would help them wonderfully and for him to talk the anti-trust law and the terrible oppression of the trusts in North Carolina all he could.

ALABAMA PEONAGE MEN FREED.

Taft Ordered Release of Three In Atlanta Prison.

Washington, June 21.—President Taft today ordered the immediate release of W. S. Harlan, C. C. Hilton and S. E. Huggins, officials of the Jackson Lumber Company, of Lockhart, Ala., who are now serving sentences in Atlanta penitentiary for peonage. Formal action commuting their sentences to expire immediately and remitting their fines will be issued in a day or two.

The President extended executive clemency to the men at the request of Senator Fletcher, of Florida, who has been active in their behalf for some time. It is understood President Taft, before leaving for Newhaven yesterday, told the Senator he believed the men had been punished enough and that he would order their release after a conference with Attorney General Wickersham. The President met the Attorney General last night and sent an order for the release of Harlan, Hilton and Huggins.

Two other men, Gallagher and Grace, convicted at the same time and for the same offense, are not included in the clemency extended to the other three. It is understood, however, that Senator Fletcher has asked President Taft to release Grace and Gallagher also.

The cases of the five men attracted wide attention. Harlan is a successful lumber man of some wealth. President Taft first commuted his original sentence to six months and a fine of $5,000. Harlan later applied for pardon, and the President refused it. Hilton was sentenced to six months and fined $1,000 and Huggins received a like sentence and fine. Grace, however, was sentenced to 13 months and fined $1,000 and Gallagher was sentenced to fifteen months and fined $1,000.

The general charge against the men was that they had imported foreign laborers from New York to a lumber camp in Alabama and forcibly detained them there.

CONDUCTOR'S TRAGIC END.

Shoots Himself After He Had Begged Another to Kill Him.

Somerset, Pa., June 21.—The father of the girl whom he was courting having refused to kill him, Frank Finley, a railroad conductor of Connellsville, Pa., shot and killed himself on the top of the Laurel Hill mountain.

For the past several months Finley had been courting Mrs. Mildred Whipkey, daughter of Milton Burg, who has been living apart from her husband. Burg and Finley had an encounter yesterday, the father accusing Finley of having improper relations with his daughter. Finley handed his revolver to Burk and asked him to shoot. Burg refused. Finley then left the house. Going to a nearby cornfield, Finley faced the Burg home, waved a farewell and put a bullet through his head.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. MERRY MINSTRELS DIDN'T COME.

Want Fare From Winston—Western Carolina Fair Being Formed.

(Special Star Correspondence.)

Asheville, N. C., June 21.—The "Merry Maids of Minstrelsy," a vaudeville company, booked to appear at the Auditorium Monday night, failed to appear and from a telegram from them received by the local manager it seems that they had good and sufficient reasons for not coming. The telegram asked that the manager send $50 to defray traveling expenses from Winston. This request was not complied with, but they were advised to apply to Mr. Schloss, the lessee of the auditorium, for the required amount. Apparently they received no succor in that quarter since nothing more was heard of them.

The stockholders of the Western North Carolina Fair Association met last night and made arrangements to draft the by-laws and apply for a charter for the organization. Temporary officers were chosen to act until the organization is perfected. The application for the charter will be made to the Secretary of State at once. It was arranged to call a meeting for July 1st, to which all the people of this section are invited. At this meeting the by-laws will be adopted and members received into the association. The poultry association and the corn and poultry contest committees will be asked to co-operate with the managers of the fair. There has been increased interest in the fair proposition during the last few weeks and the prospects are good for a successful fair.

SAINT JOHN'S DAY.

Arrangements Being Made for Observance at Oxford, N. C.—Masonic.

(Special Star Correspondence.)

Oxford, N. C., June 21.—Oxford is busy this week cleaning up and getting ready for the great annual event, Saint John's Day, to be celebrated at the Oxford Orphanage the 24th. Supt. R. L. Brown has had the outdoor stand where the exercises are held, repaired and put in excellent condition, the enclosing fence and all of the stables, barns, etc., freshly whitewashed, and will have the beautiful campus mowed and everything done for the reception of the immense throng of people that always come from all parts of the State for the celebration.

Today was a celebration of Springtide Festival on the campus by the children. This will be continued tomorrow morning at 10 A. M. and concluded at 8 P. M., in the chapel.

The Grand Custodians of the Masonic Order will hold their annual meeting here with the Oxford Lodge, beginning tomorrow and lasting three days. The assistant Grand Lecturers will be in session with the Grand Custodians.

A meeting of the Grand Lodge will be held here on the 24th and all the Grand officers of the State will be in attendance and will take part in the celebration. The principal address will be delivered by Gen. B. S. Royster, of Oxford, who is one of the officers of the Grand Lodge. The address of welcome will be by B. K. Lassiter.

CONVICT ARRESTED.

Taken at Washington, N. C., for Elizabeth City Authorities.

(Special Star Correspondence.)

Washington, N. C., June 21.—An escaped convict of the Pasquotank county chain gang was captured at the Norfolk Southern station early this morning, after beating his way from Elizabeth City by riding the rods on one of the box cars of a through freight that passed through this city early this morning. The train had stopped at this station for a few minutes and the colored man got out to stretch his limbs after his long ride in a cramped position. It seems that he happened to go up near the engine and the engineer and fireman saw an iron band around his leg which attracted their attention, and after hailing him and examining his person they found other evidences that he was an escaped convict. They immediately seized him and held him prisoner while a phone message was turned in to the sheriff's office and in a few minutes Deputy Sheriff J. F. Lucas (was on hand and escorted the prisoner to the city jail. The negro states that his name is John Watkins, about 18 years of age, and says that he escaped from the Pasquotank county chain gang several days ago. He is now being held awaiting advices from the Elizabeth City authorities.

OPERATION FOR MR. GODWIN

Suffered With Tonsolitis—Carolinians at the Capital.

(Special Star Telegram.)

Washington, D. C., June 21.—Representative Godwin underwent an operation at the Episcopal Ear, Eye and Nose hospital here today. He had his tonsils removed and is doing well. The operation caused him much pain but he is much better tonight. For two years Mr. Godwin has been a sufferer from tonsolitis. At times he has suffered a great deal, being confined to bed several days at a time. His physicians told him that the only thing that would give him permanent relief was the knife. The wool bill out of the way and the House at rest for two weeks, Mr. Godwin took this opportunity to have the operation.

Thomas E. Cooper, of Wilmington, went to the Treasury Department with Mr. Godwin yesterday.

Captain C. N. Jones, of Fayetteville, is here to purchase guns for his military company. H. E. C. B.

WILSON BOY DROWNED.

Overestimated His Strength and Went Down in Pond.

(Special Star Telegram.)

Wilson, N. C., June 21.—This afternoon while Albert Deans, son of John B. Deans, and Herbert Williams, two boys, were in swimming at Wiggin's mill, near here, young Deans was drowned and his body not recovered until nearly two hours afterwards. The two boys left their homes just soon after dinner and both had been swimming for a short while before the fatal swim. Young Deans swam to an island about one hundred feet from the bank and was on his way back, when he exclaimed, "I am giving out." His companion cried out, "turn back." Deans started back but again turned the shore. Young Williams endeavored to assist him across and the boy went down. Doctors and citizens hastened to the scene in automobiles as soon as intelligence of the drowning reached here, but too late to be of service.

FROM WHITEVILLE.

Judge Lyon Talks of Drainage—Fine Crop Prospects— Other Notes.

(Special Star Correspondence.)

Whiteville, June 21.—Judge Lyon, of Elizabethtown, who is on a visit to Whiteville, says they have just finished one drainage district in Bladen county and have started another. He says the cost of clearing swamp land, after drying it off, is from four to six dollars per acre. He thinks the White Marsh can be gotten ready for the plow for four dollars per acre. This statement was so surprising that the Star's correspondent asked Judge Lyon how the work could be done so cheaply? He says the contract can be given out to cut the undergrowth and timber from an acre at that price. They do not pile the brush, but in April, during a dry spell, stick fire to the brush and it literally burns like wild fire, consuming all the litter and many of the logs. A crop can then be planted, and the next season the logs left rolled in heaps and burned. The third year the stumps have rotted and the land ready for the use of improved machinery.

Ex-Sheriff John D. Ammons returned last evening from a trip over the county. He says he never saw such a corn crop growing in his days, and a great deal has been planted. Early cotton, that came up before the drought set in, is extra fine, while the late cotton has generally been chopped out and is growing nicely. Mr. Ammons says he never saw a finer outlook for the farmers of Columbus county. Grass is coming up with a rush, but it is young yet and can easily be gotten rid of.

Many of the larger streams in the county have stopped running and water courses are lower than in the memory of the oldest inhabitant. They are being cleaned of fish, which collect in deep holes and are easily caught.

Rev. F. T. Wooten, superintendent of education in the county, says the contract has been let out to build the new academy at Chadbourn, for something over $12,000. This does not include the heating plant. It will be a handsome two-story brick building, with all modern improvements.

MORTGAGEE'S SALE.

By virtue of a power of sale contained in a certain mortgage deed made by John H. Robinson and wife, Sarah Robinson, on the 23d day of September, 1910, to K. C. Sidbury, which said mortgage is recorded in Book No. 62, on Page 148, Records of New Hanover County, and default having been made in the payment of the note secured by said mortgage, the undersigned will sell at public auction for cash at the Court House door in New Hanover county, in the City of Wilmington, at twelve o'clock on the 15th day of July, 1911, the following described real estate:

Nine acres of land near and eastwardly of the Castle Haynes macadamized road, about six miles northwardly from the City of Wilmington, N. C., and beginning at a stake in the edge of DeRossette Bay, and in the Bergwyn line, and runs thence with that line south 2 degrees west, eleven chains, to a stake, Anderson Harrell's beginning corner; thence about north 88 degrees west, with said Harrell's line, eight chains and twenty-five links, to a stake, said Harrell's fourth corner; thence north two degrees east, ten chains, to a black gum in the edge of DeRossette's Bay; and thence eastwardly along the southern edge of DeRossette's Bay with its various lines to the beginning, containing nine acres.

This the 15th day of June, 1911.

A Welcome Change

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.

Your wife can escape this with a New Perfection Oil Cook-stove.

A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection oven it is the best cooking device you can find anywhere.

New Perfection WICK BLUE FLAME Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contignous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Thursday, June 22, 1911.

Many a man who thinks he would make a good President of the United States is working for $50 a month. However, Presidential probabilities are so limited he has to work for a living.

A Chicago man is worried because his wife found it out the first week he got a raise in his salary. He didn't expect her to find it out, which shows that a man can be fool enough not to know his wife is smarter than he is.

A Des Moines woman demands a divorce because her husband spanked her in public. No doubt he couldn't have done it at home, and took advantage of her in public, knowing she had too much self-respect to resist where people could witness it.

Even if Champ Clark did wear sidewhiskers before he had any idea that he would ever amount to much, it should be stated that he reformed so long ago that there is no just reason why it should interfere with his Presidential boom.

The trust busters seem to have gotten what the trusts failed to get, so it's mighty near a stand-off between the trusts and the trust busters. At the same time this is no argument that 'twere better to bear present ills than fly to others we wot not of.'

Says the Jacksonville Times-Union: "A drunken man said he was Kipling, and then he got thirty days. Just think what an escape for Ruddy." Sure 'nough, if they'd do the likes of that to a man for making out like he was Kipling, what would they have done to him if he had actually been the poet?

There is quite an improvement in the political atmosphere at Washington. President Taft has gotten the stand-patters into such a position that they don't know but what he knows more than they do. At any rate, they have quit looking with pity or contempt on everybody who isn't committed to high tariff protection.

Judging from the numerous deeds filed in Mexico in the name of Diaz, the time to have saved some of the country for diversified ownership was before the best of everything was cinched for the Diaz family and others who were held in high esteem. The only thing that prevents some people from owning the earth is that they finally get too old to go right on doing business. Some funerals often occur right in the nick of time.

It is announced that Senator Warren, of Wyoming, "is to wed Miss Clara LeB. Morgan, of Washington, and New York." He is lucky in not having to locate her in but two places, for we have heard of some society ladies who were from Washington, New York, Boston, Chicago, Minneapolis, San Francisco, London, Paris, Vienna and Berlin. A fellow might get a wife from so many places he would run the risk of getting lost from her.

"Be polite, it costs nothing," is the motto of the 1,100 employes of the Norfolk and Portsmouth traction Co. It is all kinds of an asset, however. Politeness gets business for a business man while the man with the cold stare and the nickle clutch is the chief obstacle to the growth of his business. Polite, affable people in a city give it the reputation of being a "clever city." An aggregation of pickle-faced individuals breed a harvest of knocks for their town. Wear a smile and look like you are clothed in your right mind.

WILMINGTON IN 1804.

Mr. J. H. Mallard, of this city, who resides at Front and Ann streets, has presented The Star with the oldest of all Wilmington newspapers that have ever come under our eye. It is the "Wilmington Gazette," under date of May 15th, 1804. It was a weekly publication and was published by A. Hall and S. W. Clark. The paper is well worn, but most of it is legible, reading matter, advertisements and all.

In the Gazette, D. Glisson announces himself as a candidate for the reelection of Thomas Jefferson for President, announcing to the voters of "Wilmington and Sampson district" that his administration has been "pure, and calculated to secure the rights, liberties and true interests of its citizens."

Napoleon the Great was then the First Consul of France, and the Gazette showed its friendliness to him by reproducing newspaper extracts resenting English enmity towards the Great Napoleon, who had shown in many ways that he was the friend of the United States. This was eleven years prior to the battle of Waterloo, in which Napoleon was overthrown by the allied armies of Great Britain, Belgium, the Netherlands and Prussia. This will indicate how far back this old Wilmington newspaper goes, for at that time the great events were pending that finally overthrew the man who came very nearly conquering the world. One of the principal news stories, all of which appear under single head lines, is an account of a French plot against Napoleon, the object being to assinate him and restore Louis XVIII to the throne. What a difference such a story would now make under glaring head lines over lurid cablegrams instead of letters published under the tame line of "Late Foreign News." The plot was discovered February 23rd, 1804, and was just making the latest news in America the following May.

The Gazette also publishes a sensational extract from a Savannah paper detailing how Judge Jabez Bowen "excited insurrection," tried to browbeat a grand jury, which refused to obey his orders, and for which he sent the jury to jail. Later the grand jury was released and John Pooler, J. P. wound up the affair by committing the judge to the "common goal of Chatham." Among the news was also a great counterfeiting plot unearthed at Richmond, the name of the party charged being omitted because of a fear of doing him harm in case the charge could not be sustained.

There is a pretty good glimpse of the Wilmington of a hundred and seven years ago, for what was going on in the port was chronicled. Two sailing vessels were cleared, one for Baltimore and the other foreign. "Carolina rice" grown on the Cape Fear was exported to England in those days and the market quotations for this famous product was announced weekly from London. In the local market turpentine was quoted at $2.25 to $3 per barrel, tar $1.50 to $1.75 per barrel, butter 20 to 25 cents per pound, cotton 15 to 16 cents per pound, corn 90 to 95 cents per bushel, flour $8 per barrel, coffee 20 cents per pound, lumber $9 to $10 per thousand feet, shingles $2.25 per thousand, molasses 65 to 70 cents per gallon, etc.

The advertising page showed that several enterprising wholesale and retail dealers believed in printer's ink. These merchants were Giles & Burgwin, Isaiah Hammond, Alexander Peden, Josua Potts, Torry & Co., Wilkings, Scott & Co. There were advertisements of runaway negroes, one of the advertisements being that of Mr. Thomas Wright, who offered $10 for the return of a "wooden leg negro," whom sail masters were warned not to carry away. There were also sales of "likely young negroes," and there were domestic trials and tribulations in those days, for a man advertised that his wife Penelope had eloped and he would not be responsible for any debts made by her. There were several marriages of prominent people and one advertisement called for a meeting of "Republican Society No. 1," to meet at 7 P. M., May 15th, 1804, at Mrs. Dorsey's. William Bludworth was sheriff and was advertising a long list of tax delinquents. An executor's sale was advertised by J. G. Wright, R. Bradley and J. Hartman, and altogether the Gazette was a goodly chronicle of the early days—making now an exceedingly interesting old relic. It was found a few days ago by Mr. Mallard's family among some old family records.

CORROBORATING THE STAR.

The Greensboro Telegram, which is edited by a gentleman who has been in the newspaper business in such live industrial centres as Anniston, and who has been in touch with several Southern cities in the course of their development, thus corroborates what The Star has had to say with reference to Wilmington's industrial movement:

"The Wilmington Star is pleased to note a determination in that city to do more than 'invite' the location of industries by going after them and by offering assistance in locating them. Any good assistance can secure industries in this way, but a mere 'invitation' does not secure industries nowadays. Towns and cities which are offering substantial inducements for the location of industries are numerous, and those are passed by which have nothing to offer but a cordial invitation."

The above is like expert testimony and it comes from one who knows who is doing the city building in the South, whether it is our own people or those who have accepted invitations to drop in and go to work. We wrote what we did from knowledge and experience gained in several cities which invited industries until they got tired and then went to work themselves to build industries and go after them with a sack to get them in.

Of course, now and then outside capital is bound to come into such a desirable manufacturing center as Wilmington, but the development of this important port and its rank as a commercial city has been mainly achieved by home enterprise and capital. So it is with other cities (which are making progress, and several times we have been tempted to offer a reward for any city that has been developed on the invitation plan. Nevertheless, invitations are all right in a way, but they needn't be depended upon.

As a matter of fact, we should not depend upon others to make Wilmington an industrial centre, for if they did they would take the credit away from us. "You didn't do it, the other fellow did," might make us feel bad if somebody were to jolly us some day, in the event that it should happen that we actually did get outsiders to come here and build our city for us.

All those cities which have quit inviting the other fellow have seen the point, for they have quit it and are "going after" them with inducements—offers of capital, free money gifts, free factory sites, propositions to subscribe stock and all of that. They have found out that beats waiting for invitations to be accepted.

Finally, the safest and most successful industries a city can have are those which are set on foot by home enterprise and capital. What we ought to do is to find out what kind of manufacturing business will promise results in Wilmington and then invest in them, or get others to join us in the things which look good to us.

MANY HOME TALENT.

In view of a good many coronation slights put upon American women who have bought and paid for some little old duke or other foreigner with a title which adds nothing to a genuine woman, we absolutely refuse to recognize any of the courts of Europe till they acknowledge that it is an honor for them to receive a typical American girl at court.

Some of those old puffed-up molly-coddles of royalty and grandeeism think they are better than our Mayflower girls, but as a matter of fact most of their effete family trees have cobwebs in them, so it is no special honor for a real fine American girl to want to marry any of them for the sake of a title. That shows that there is a screw loose about them and they really do not deserve a title any more than some newspaper colonels. Of course, it is hardly necessary to state that any well bred person, who abstains from prevarication and purloining can laugh at the pretensions and bigotry of the degenerate scions of family trees that are as shady as anybody's family tree.

However, we do not blame some of them for not wishing to display their American wives at the coronation of King George. They might be pointed out as title buyers and spoil the show. In spite of the fact, however, that some of the titled nobility sell themselves to the highest bidder among the girls with the gold, it should be stated that some of them are trying to do the best they can and are more or less respectable, like the average man who is careful about himself. Our rich women should keep their money at home by marrying home talent.

North Carolina watermelons are now coming into market, which means that there will be an entire cessation of the sale of colic bombs from other States.

CURRENT COMMENT.

"If we owned Wilmington, we would approve its unequaled geographic position," says the Wilmington Star. If we owned Wilmington—but we forbear.—Petersburg Index-Appeal.

It is the west and central sections of the State that have set the pace in road building, notwithstanding the fact that the east could build roads for half what it costs us.—Durham Herald.

A body of Confederate veterans has formally objected to women's riding astride in Confederate reunion processions. It appears that several members of the sex rode thus in the recent celebration at Little Rock. The advanced and spectacular in women's ways does not meet with much approval in the South. It is a fact that woman suffrage has made less advance there than anywhere else in the land.—Providence Journal.

"If we owned Wilmington," sings the Wilmington Star, "we would approve its unequaled geographic position." We would commend its location on the Cape Fear down whose prospective thirty-foot channel there will float this year a foreign commerce of thirty millions or more, and a coastwise and inland commerce of about thirty millions more still. If we had wealth equal to the Carnegie and Rockefeller 'foundations' we wouldn't hesitate to establish manufactories here." Any many more inspiring, convincing lines. All that this lyric lacks is a setting to surging music worthy of the words of the song.—Charlotte Observer.

It has been discovered that if a human being dies after an ordinary illness and not a violent death, he does not die all over and all at once. He may have a diseased liver, heart or lung, and this may be the cause of his death; but it has been found that if the diseased organ could have been replaced by a healthy one, life might have been maintained indefinitely. This is no imagination or speculation. It has been confirmed by the most careful experiments by the ablest medical scientists in the country. These experiments have been made possible by the munificence of John D. Rockefeller, in endowing his Institute for Medical Research, in the city of New York, which has attracted world-wide attention.—Frank Leslie's.

"Don't be a cuckoo. A cuckoo won't build its own nest but lays its eggs in other birds' nests and lets them do its hatching. The main point is that the cuckoo won't do any nest building for itself but depends on the other fellow while it gets the benefit. No people should expect others to build up their town and make it a manufacturing center while they contribute hot air only."—Wilmington Star. In the same class are the business men who do no advertising themselves but wait for others to draw trade to the town and then they try to profit off what the others have done. People ought to give their trade to those business men who ask for it and who by advertising do something to advance their community.—Greenville Reflector.

MR. McQUEEN'S SUGGESTION.

Another Citizen Commends Idea of Wood Block for Paving.

Editor of the Star:

The writer noted in yesterday's Star a statement by Mr. H. C. McQueen as to the use of paving blocks manufactured in Wilmington for paving our streets, and your editorial today, which I think have suggestions of great value to this community. Less than a year ago I was in conversation with a gentleman from Pittsburg, who is connected with one of the largest industrial plants in the United States, and whose business in this capacity has made him familiar with the affairs of the largest cities in this country. He is a Southern man by birth, and in the conversation remarked to me: "Why is it that our Southern cities do not abandon the antiquated methods of paving streets and do what the more progressive cities are doing?" On further inquiry as to the purport of his remark, he explained that cities like Chicago, which were keeping up-to-date in matters of this kind, were using paving blocks almost exclusively as the best pavement that could be had. And he also referred to the fact that these paving blocks were purchased and the freight paid on them for a long distance, and are much more expensive to these cities than they would be to us.

No doubt the City Council would do well to pay the expenses of the head of the Street Department, who evidently is going to do things while he is in charge, for a month or more, if necessary, in investigating questions of this kind, before the money authorized by the city is expended in a pavement which is being abandoned by the more progressive cities of the country. Officers Elected at Newbern—At Raleigh Next Year.

(Special Star Telegram.)

Newbern, N. C., June 21.—The second day's session of the eighth annual convention of the Building & Loan Association, of North Carolina, which is in session here this week, convened at the Court House this morning. Mr. Jno. M. Cooke, of Burlington, was on the programme for an address but on account of sickness he could not be present, a general discussion of the business methods of the association and a report of the various committees was then given. At the conclusion of this the election of officers for the ensuing year was held. Mr. E. L. Kesler, of Charlotte, was elected president; Mr. G. A. Follin, of Winston?Salem, first vice president; Mr. Alexander Webb, of Raleigh, second vice president, and Mr. John Dunn, of this city, third vice president. Raleigh, Burlington and Marion asked the association to meet in those places next year but upon a vote, Raleigh was chosen as the place of next meeting.

KILLED AT MILL.

Employe of Roper Lumber Co., Lost Life at Oriental.

(Special Star Telegram.)

Newbern, N. C., June 21.—A telephone message this afternoon from Oriental, states that John Truitt, an employe of the Roper Lumber Co., at that place, had been instantly killed about 3 o'clock by being caught between a log train and a stack of lumber on the company's yards. From what could be learned it seems that Truitt had been shifting some logs in the pound and had gotten up on the track to signal the engineer of the lockey. He is a resident of that place and his remains will be buried there tomorrow afternoon.

HEALTH LEGISLATION IS UP

Ordinance Adopted Tuesday Amended so as to Place It in Immediate Operation—Report to Private Sewers.

The City Council held a special meeting at 4 o'clock yesterday afternoon, the primary object of the session being to amend the ordinance adopted Tuesday relative to information about preventable and communicable diseases so as to eliminate any doubt as to whether or not the measure goes into effect immediately. The new charter provides that an ordinance must lay over for ten days before final passage unless it is for the immediate preservation of the public peace, health or safety and must contain a statement of its urgency.

So the ordinance adopted Tuesday afternoon was rescinded and a new ordinance, practically the same thing, was adopted. The penalty for failure to comply with the provisions of the ordinance was changed from $50 to $25. The following is the statement of the urgency of the measure as appears in the preamble: "Whereas, the preservation of the public health of the city of Wilmington demands immediate action and in order that certain health and sanitary ordinances made therefor may be effectually enforced, and for the further purpose of securing vital statistics required by the health department." The ordinance itself is the same as given in yesterday's paper, except that a fine of $25 is provided instead of $50. The last Legislature enacted a law which gives the power to adopt and enforce such ordinances.

Letter to Doctors.

Dr. Chas. T. Nesbitt, city superintendent of health, read to the Council a copy of a letter he has written to all the physicians in the city, asking their co-operation in the effort to stamp out typhoid fever. The letter follows:

"June 20, 1911.

"Dear Doctor:—It is the intention of this department to deal with the present typhoid problem as speedily as possible. In order to do this intelligently, it is absolutely necessary for us to have detailed information, giving the name, address, race, and age of each typhoid fever patient which has appeared in your practice since May 15th. In addition, it will be necessary for us to know whether or not this case was treated in the home or in the hospital.

"Will you kindly give us this information within the next three days?

"In addition, we desire that you report each case of typhoid fever that appears in your practice with 24 hours of making the diagnosis, giving name, address, age, sex and race, and whether or not the case is treated in the home or in some institution.

"Trusting that we will have your hearty co-operation, I am,

"Very sincerely,

"CHAS. T. NESBITT.

"Superintendent of Health."

Mayor Smith called the attention of the superintendent of health to the fact that the Seaboard Air Line is installing a sewerage system in its new warehouse at the foot of Brunswick street, and he inquired of the city attorney if the city has a right to permit the road to dump the sewerage in the dock at low water level, and received a reply in the affirmative, Dr. Nesbitt said that he had already taken up the matter and he would see that the plant conforms to the requirements. There is another on Hanover street, owned by the A. C. L., which has also been given attention by the superintendent, who will condemn it and require that it be carried to low water level. Still another on Brunswick street belonging to the Brooklyn Sewerage Co., is also receiving the attention of the superintendent, while the same officials through his assistants is trying to locate a sewer said to enter the river at foot of Church street.

The question of adopting an ordinance prohibiting the pasturing of cows in the vicinity of Macomber's ditch was brought up by Mayor Smith. It was stated that this will be provided for in a batch of new health ordinances to be considered next Tuesday at the regular meeting. At that time the ordinances relative to cow and horse stables and surface closets will be considered. The ordinances will be put in shape for passage this morning and copies mailed to all members of the Council and, it is presumed, furnished the newspapers so that the people will have the opportunity of knowing what is proposed for their benefit.

It was stated at the meeting that the James Walker Memorial Hospital has been asked to provide a sanitary disposal for sewerage from the institution, which now enters in the open drain, Macomber's ditch, about 300 yards in the rear of the hospital.

A second complaint was made that the shafts of some of the carts in front of the Front street market house are allowed to project so far out in the street as to interfere with the traffic on the street car line. Councilman B. C. Moore said that he would have his police officers see that there is not a repetition.

City Attorney McClammy reported that he would write today a letter to Mr. E. B. Pleasants, chief engineer of the A. C. L. in reply to one read at yesterday's meeting asking that the city give bond to indemnify the railroad for any damages which might arise from the construction of the bridge over the company's tracks at Sixth street. He will reply to the effect that the city is not required to give bond. In this connection Mr. McClammy stated that he was told yesterday morning that the railroad made the excavation itself, otherwise there would be no need for a bridge across the tracks at Fourth, Fifth and Sixth streets.

After being in session for an hour the Council adjourned. Mayor Smith presided and in attendance were Councilmen Tiencken, B. C. Moore and W. E. Perdew; Capt. Thos. D. Meares, the clerk; City Attorney McClammy, Assistant City Attorney Peschau and Dr. Nesbitt, superintendent of health.

SUPPLEMENTAL PROCEEDINGS

Hearing Begun to Ascertain What Property, if Any, Mr. W. E. Worth Has—Brought by Knickerbocker Trust Co.

As a result of his claim that he has not property in his name which could be sufficient to satisfy a judgment of such proportions as the one obtained recently in the United States Court by the Knickerbocker Trust Co., of New York, Mr. Wm. E. Worth, of this city, is defendant in supplemental proceedings in which the trust company is plaintiff, and a hearing is now being held before John D. Bellamy, Jr., Esq., appointed as referee to take the evidence in the case. Two sessions were held yesterday and the hearing will likely continue for a day or two.

Some days ago execution was issued by the Clerk of the United States Court against Mr. Worth for the collection of a judgment of slightly more than $30,000 given the Knickerbocker Trust Co., at the last term of Federal Court here. The execution was served on Mr. Worth and it was announced that certain property supposed to be owned by him had been seized. Judgment was given against Mr. Worth for the amount alleged to be due for stock subscribed in the Rockingham Power Co., which was financed by the Knickerbocker Trust Co. Payment of the amount was resisted by Mr. Worth on the ground of fraud, which was not sustained at the trial.

When the execution was served it is understood that Mr. Worth set up certain claims as to his property which resulted in the supplementary proceedings, the purpose being to ascertain what property, if any, Mr. Worth has at present. At the morning session several witnesses were introduced, including Mr. Worth, Mr. F. W. Dick, cashier of the People's Savings Bank, and Mr. J. V. Grainger, vice president of the Murchison National Bank. Thos. W. Davis, Esq., counsel for the Knickerbocker Trust Co., asked Mr. Worth several questions as to his business connections and interests. He stated that during the past several years he had given several pieces of property and sums of money to his wife. Messrs. Dick and Grainger testified that Mr. Worth had held stock in both banks, but recently he had transferred his holdings. In the afternoon the main witness was Mr. Geo. R. French, one of the executors of Mr. B. G. Worth's estate, but nothing of material importance to the plaintiff was brought out by the examination.

Hon. John D. Bellamy and ex-Judge E. K. Bryan represent Mr. Worth, while Thos. W. Davis, Esq., appears for the trust company. Mr. Meares Harriss is acting as stenographer for the transcription of the evidence.

COUNTY COMISSIONERS.

Special Session Yesterday Afternoon —Revising Jury List.

The Board of County Commissioners held a special session of two hours' duration yesterday afternoon with Chairman Duncan McEachern presiding and in attendance were Commissioner Kerr, Vollers and Divine and Mr. John Haar, the clerk. The primary purpose of the meeting was to continue the work of revising the jury list, but before this was taken up several other matters were considered. Chairman McEachern stated that it would be necessary for the board to borrow $5,000 to carry the county over until it gets the 1911 taxes, and upon motion of Commissioner Divine, seconded by Commissioner Vollers, the chairman was instructed to negotiate a loan for $5,000. Mr. H. M. Chase and Dr. P. P. Cnase appeared before the board and asked to be granted the privilege of running a side track through the land of the county from the side track of Roger Moore Sons & Co., to what is known as the "Unknown Factory," in which both are interested. The privilege was granted upon the condition that if at the end of one year the county desires the track moved it will be moved by the company granted the privilege. The board will meet again this afternoon at which time the jury of July term of Superior Court will be drawn.

CUTTING AFFRAY LAST NIGHT.

Bob Capps Wounds Cato Costen in Arm With Pocket Knife.

In front of the old Globe saloon on Market street last night about 12 o'clock, Bob Capps cut Cato Costen with a pocket knife, inflicting a nasty gash in the left arm just above the elbow. The men had been to Carolina Beach on the excursion and Capps contends that Costen treated him roughly while on the boat on the return trip. Costen says he merely chucked Capps under the chin and said "Hello Bob." He said he saw that Capps was angry at the time and avoided him after that, but had forgotten the matter when the wharf was reached. Capps, he says, overtook him in front of the Globe and there the cutting ensued. Capps is a cripple, being paralyzed in the left arm. He says that Costen hit him hard enough to hurt him. He was arrested by Patrolman J. M. Hall and was taken to police headquarters. The case will probably be tried before the Recorder this morning. Costen went to the James Walker Memorial Hospital to have his wound dressed.

Young Men's Meeting at Y. M. C. A.

An added religious feature of the Y M. C. A. work will be the establishment of a regular Thursday night meeting for young men. This idea will probably prove attractive to the young men of the city and will no doubt be a success. The first meeting will be held tonight at 8 o'clock and all young men, whether members of the association or not, are invited to be present and take part.

Back From Medical Society.

Dr. J. G. Murphy, Dr. D. W. Bulluck and Dr. Ernest S. Bulluck returned on the early Seaboard train this morning from Charlotte where they attended the sessions of the State Medical Society. As will be seen elsewhere in today's paper, Dr. Murphy was elected one of the vice presidents of the Society. Dr. Ernest Bulluck has just passed the State Medical Board.

COMMITTEE IS APPOINTED

Local Camp of Confederate Veterans at Work to Provide Board and Lodging Places for Visitors at Reunion.

In preparation for the coming State reunion of Confederate veterans, which will be held in this city August 2nd and 3rd, a general committee has been appointed by the local camp to procure boarding and lodging places for the visiting veterans. This committee is already busy with its work and will make a report to the chairman, Capt. W. P. Oldham, each day.

Captain Oldham will turn the reports over to Adjutant L. Leon and the latter will make the assignment of hotels and boarding houses to the visitors. All those who will be able to accommodate visitors during the reunion and who will charge for same are asked to submit their rates to the committee, so that the financial arrangements can be made.

The local camp expects to have at least two thousand veterans in attendance at the reunion this year and it will have its hands full in entertaining this large body, but no pains will be spared to make things pleasant for the visitors, and the Wilmington public is heartily in accord with this spirit. It is hoped to make this the most successful reunion ever held in the State.

Adjutant Leon is in receipt of a letter from Gen. Julian S. Carr, of Durham, Commander of the North Carolina Division of the United Confederate Veterans, in response to the letter of invitation sent out a few days ago. Gen. Carr states that the Durham camp hopes to attend in full force. He also adds that the letter of invitation is an unusually good one and that it ought to draw a large attendance for the reunion. Gen. Carr says he always loved Wilmington, but more so now than ever on account of the spirit manifested by the Cape Fear Camp in their invitation.

The committee appointed to procure lodging and board for the visitors is composed of the following: W. P. Oldham, chairman; A. M. Baldwin, Wm. McGirt, T. P. Sikes, R. F. Hamme, H. G. Darden, W. I. Dowdy, Alfred G. Hankins, O. M. Filyaw, A. W. Watson, Jesse Wilder, W. G. A. Otersen, N. Humphrey, Jno. W. Batson, Calvin Ruark, J. W. Davis, Jonathan King, Tom King, Jim Billy Craig, Ike W. King, Philip Heinsberger, R. M. McIntire and Wiley Cornise.

PLANS APPROVED IN TOTO

State Board of Health Finally Acts Favorably on Plans for New Sewerage System—City Will Now Get Busy.

The State Board of Health, of which Dr. G. G. Thomas, of this city, is chairman, in session in Charlotte Tuesday afternoon voted to approve in toto the plans for the proposed municipal sewerage system provided a sterilization plant is installed at the outlet below the city.

This most gratifying information was brought to the city yesterday afternoon by Mr. R. C. Cantwell, superintendent of the waterworks, who had been delegated by Councilman W. E. Perdew, in charge of the Department of Water and Sewerage, to appear before the board and urge that some action be taken upon the plans.

The plans as drawn by Hazelhurst & Anderson, consulting engineers, provide for an extensive and thoroughly modern system and is designed to be sufficient to meet the needs of the city for years to come. The cost of the system will be approximately $200,000. There is not enough money left of the water and sewerage fund to construct the plant, but it is believed that the Council will find some way of providing the additional amount needed. Plans for a sewerage system were submitted to the State Board of Health last Fall and after several weeks an unfavorable report was received, this being due to the fact that the outlets would have been in the city limits. Supplemental plans had already been drawn, the engineers and Commissioners anticipating the objection of the Board of Health, and these were sent to Raleigh on January 3rd. No action had been taken until Tuesday afternoon. Some weeks ago Councilman Perdew received a letter from Dr. Rankin, secretary of the State Board of Health, in reply to one written by him inquiring as to when action would be taken, in which it was stated that the board would permit the installation of the system according to the plans as first permitted provided sterilization plants were installed at both of the contemplated outlets in the city limits, the cost of which would have been approximately $10,000. In the same letter Dr. Rankin stated that the plans would be given further consideration at the Charlotte meeting. This requirement that a sterilization plant be installed at the outlet provided for in the supplemental plans is done merely as a matter of precaution. As soon as the plans have been approved by the county and city boards of health it is expected that the Council will begin arrangements to install the system.

Mayor Smith stated that he requested Mr. Cantwell to take some mental notes of Charlotte's streets in the hope that the information would be of value to the Council when it came to selecting the kind of materials to use on the streets soon to be improved in this city. Mr. Cantwell, he said, stated that the two principal streets of the Queen City were paved with bitulithic, while between the car tracks and for about 12 or 15 inches on either side vitrified brick, embedded in bitulithic, is used. Macadam is used on most of the other streets. Charlotte has miles and miles of granolithic sidewalks.

SECOND DAY OF THE RETREAT

Clergy of Diocese of East Carolina Deriving Much Benefit from Interchange of Ideas and Experiences.

Meeting in Wrightsville Chapel at the beach, the clergy of the Diocese of East Carolina, attending the annual Bishop's Retreat conducted yearly by Rt. Rev. Robt. Strange, Bishop of the Diocese, yesterday held the second day's session of this year's gathering.

The day was opened by an early morning service at 7:45, with the singing of hymns, a responsive reading and a few moments of silent prayer. This was followed by a short audible prayer by every member present. Bishop Strange then gave a most excellent address on the spirit of the minister towards his work. The clergymen gave their leader the closest attention and derived much inspiration from his remarks.

At 10 o'clock the formal session of the day was opened with a continuation of the devotional study of the Sermon on the Mount. This is to be a daily feature during the meeting and is proving most interesting and instructive to the assembled clergy. The deeper significance of the Master's words on this occasion furnish a subject for close study and research that is almost inexhaustible and the members daily discover newer and more vital truths in its teachings.

The next hour was devoted to a series of papers and a general discussion and interchange of ideas on the Sunday School. The work of the superintendent and the business end of the Sunday School were touched upon and the exchange of suggestions touching on these features was found to be of great practical value.

A recess was taken for the next half hour and when the Retreat convened for the afternoon session at 2 P. M., a discussion of the work of the minister in its personal aspect was taken up. Rev. Thos. P. Noe led in a most masterful manner. The discussion dealt with the pastoral relations of the minister to his charges and while it was wholly informal, many helpful and interesting points were brought out. At 2 o'clock the day's session was brought to a close and the rest of the time was devoted to recreation, the different clergymen spending the time in surf bathing, boating or in some other of the numerous forms of amusement the resort offers.

The Retreat will come to a close Friday, and it is the opinion of the members that by that time the varied interchange of personal experiences and theories in regard to the different phases of ministerial and Sunday School work will have made the present meeting the most successful ever conducted.

Bishop Strange has invited all the Sunday School teachers of the Episcopal churches of Wilmington to be present and participate in a general discussion, along with the clergymen, of Sunday School work in its various aspects. This is a new feature of the Retreat and it is expected that it will prove mutually helpful to the teachers and the ministers.

Rev. C. N. Tyndell, Fayetteville, is the latest arrival to attend the Retreat.

FUNERAL OF MRS. CANADY.

Conducted Yesterday Afternoon from Home of Mrs. W. T. Mercer.

The funeral of Mrs. A. E. Canady, wife of Mr. J. S. Canady, a former resident of this city, who died in Swansboro Tuesday morning after a short illness of typhoid fever, was held from the home of her daughter, Mrs W. T. Mercer, No. 208 South Ninth street, yesterday afternoon at 4 o'clock. Rev. W. G. Hall, pastor of Southside Baptist church, of which Mrs. Canady was a member during her residence in Wilmington, conducted the services.

Interment was in Bellevue cemetery. The pall-bearers were Messrs. J. F. Littleton, C. B. Milton, J. B. Sales, L. W. Baggett and W. S. Lawhorn. The many beautiful floral designs attested the love and admiration in which Mrs. Canady was held by her many friends, all of whom sympathize most tenderly with her husband and sons and daughters who survive her.

Mayor F. P. White Here.

Mayor Franklin P. White, of Shallotte, is in the city and is stopping at The Southern Hotel. Mr. White came over to arrange for the transshipment by the schooner C. D. Maffitt of a car load of fine buggies, which have just arrived by rail for his extensive business at Shallotte. Another car will be shipped July 1st, making five solid car loads Mr. White has handled since November 1910. Mr. White is also here in the interest of the new independent telephone line known as the Seaside, Shallotte and Wilmington Telephone Co., in which nearly all the stock has already been taken.

Funeral of An Infant.

At the family residence, No. 419 Bladen street, the funeral of Harold B., the infant son of Mr. and Mrs. R. D. Smith, was held yesterday morning at 10 o'clock. Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, conducted the services, assisted by Rev. W. L. Rexford, pastor of Bladen Street Methodist Church. The interment was in Oakdale cemetery, and the little grave was covered with beautiful floral tributes, sent by sympathetic friends of the sorrowing parents.

IT IS GOOD

for a man to know just where he is financially. When he pays all his bills—big bills—and little bills—by check—he knows. He knows where his money went, and nobody can make him pay the same bill twice—for his check is an indisputable receipt.

HOBBS HAS NOT RETURNED.

Witness in "Tiger" Cases Still Absent. Card From His Mother.

Joe Hobbs, son of Mr. and Mrs. B. T. Hobbs, of No. 516 North Eighth street, principal witness for the State in two "blind tiger" cases, mention of whose sudden departure from the city last Sunday was made in yesterday's paper, has not yet returned and his parents are manifesting no little concern about him. Hobbs, who is said by his parents to be only 17 years old, was a witness with ex-Patrolman A. A. Nelms in the cases against Ralph Kennedy and John Bradshaw, both white, charged with selling whiskey. The cases were heard last week, resulting in mistrials, and the second hearing will take place next week. Hobbs may return to the city before the time for the hearing. Yesterday Mrs. Hobbs sent the following to the local papers with the request that it be published:

"Editor Star:—In reply to statements in the papers about the disappearance of Joe Hobbs, I will say that I have failed to locate him as yet. He certainly is missing from home. He left home Sunday morning to take dinner with Mr. Nelms and I have not seen him since. The boy was hired from a good job with the promises of $2 a day by Mr. Nelms, so said to be a sworn officer and had a perfect right to hire a 17-year-old boy to buy whiskey, and was promised great things by the best people of the town and came to his mother the fifth Saturday night without one cent. The boy could face it no longer. He went to B. C. Moore and he could not let him have a penny, but gave him an order for a pair of shoes, as he promised to go down in his pockets to help him out of trouble, if trouble should occur. The shoes were got so he would not have to count cross-ties barefooted to go off in the world disgraced and leave an invalid, heart-broken mother without his help. I hope Mr. Jake Nelms will lap up all the dust that my boy shook off of his heels as a testimonial against his own self. I pray that Almighty God will be with such blind guides as to lead young men to ruin for a few pieces of silver. Should I fail to ever find him who is responsible for his blood by the help of God I will do all I can to find my boy. Written by

"MRS. B. T. HOBBS, HIS MOTHER."

"June 21, 1911."

The father of the young man stated yesterday afternoon that his son had been unable to secure work since his connection with the alleged "blind tiger" cases, those whom he approached refusing to give him a job because he appeared as a witness in the cases. In other words, the young man, according to his father, was practically ostracised because he played the role of detective in working up "blind tiger" cases. Some are inclined to think that he was given some inducement to leave the city.

Death of Mr. R. H. Murphy.

News reached the city at a late hour last night of the death of Mr. R. H. Murphy, which occurred at his home at Atkinson, N. C., yesterday morning, aged 75 years. He had been in declining health for some time and while his death was not unexpected, it nevertheless came as a sad blow to the family and friends. He was an uncle of Dr. J. G. Murphy, of this city, and leaves a wife and three children, all grown, Mr. T. T. Murphy, superintendent of Pender county schools; C. D. Murphy, of Atkinson, and Mrs. Jamds Hollingsworth, of Texas. The funeral will be conducted at the home of the deceased today.

S.S.S. PERMANENTLY HEALS SORES AND ULCERS

No matter in what way an old sore or ulcer first commenced, whether from a wound, cut, or bruise, or from the ulceration of a wart, pimple or mole, or even if it came without apparent reason, the fact that it does not heal shows that bad blood is responsible for the place. While the circulation remains impure and polluted, the nerves and tissues of the flesh around the place are constantly being fed with unhealthy matter and the fibres are thus prevented from knitting together and healing. Purify the blood and the place ***MUST*** heal, its cause having been removed. *S. S. S.* cures old sores and chronic ulcers because it is the greatest of all blood purifiers. It removes from the circulation every taint or impurity, and so enriches the blood that it feeds and nourishes the tender, sensitive flesh, causes a knitting together of all fibrous tissue and thus heals the place naturally and permanently. Book on Sores and Ulcers and any medical advice desired sent free to all who write and request it. *S. S. S.* is sold at drug stores. *THE SWIFT SPECIFIC CO., ATLANTA, GA.*

PRETTY ENTERTAINMENT GIVEN AT WHITEVILLE.

Whiteville, N. C., June 21.—Misses Luine Watson, of Fayetteville, and Kate Knowles, of Mt. Olive, who are visiting Miss Annie Memory, were the lovely young guests of honor at an at home given by their hostess yesterday afternoon, from 5:30 to 7 o'clock. The color scheme was cleverly carried out in decoration—crepe paper and cut flowers, as well as shaded lights. The green color pervading the hall blended well with the rich crimson of the parlor. Those in the receiving line were in order: Mrs. L. V. Grady, Misses Annie Memory, Luine Watson and Katie Knowles. Those who assisted in serving were Misses Lucy Powell, Irene Memory, Fay Memory, Margaret Baldwin, Bessie Baldwin and Mollie Bell Hollowell. Among those who served the guests none were so charming as the little couple which bore the card trays at the door, namely, Misses Rachel Grady and Emily Williamson. In the parlor the guests were served punch and were then ushered into the dining room where cream and cake was enjoyed. Here also the green and white crepe paper decorations carried out the color scheme. Those present at the delightful party were Mrs. L. V. Grady, Miss Rachel Grady, Misses Louine Watson, Katie Knowles, Leila Memory, Lizzie Toon, Lucy Powell, Margaret Baldwin, Iola Baldwin, Penny Carter, Ethel Harrelson, Fay and Maude Memory, Winnie Waters, Lucy Memory, Annie Reade Lewis, Janie and Annie Campbell, Custys Meredith, Bessie Baldwin, Mamie Smith, Gladys Thompson and Editor T. L. Gantt.

LOCAL DOTS.

—The Star has received another "first cotton bloom" from Mr. J. R. Hardie, one of the progressive New Hanover farmers at Castle Haynes. He says his crop is looking fine so far.

—The schooner Estelle, Capt. Griffiss, cleared yesterday for New Haven, Conn., with cargo of 380,492 feet of lumber from the Camp Manufacturing Company; vessel by C. D. Maffitt.

—Reuben Bender, colored, was tried before Justice Harriss yesterday on the charge of forcible trespass. He submitted to simple trespass and judgment was suspended upon payment of the costs.

—The Brooklyn Rattlers and the Twining's Cubs played an exciting game of baseball at 13th and Market streets yesterday afternoon. The contest went for 12 innings, the Cubs winning out by the score of 12 to 11.

—By deeds filed for record yesterday Thomas J. Croom and wife transfer to M. L. Hurwitz, Isaac Hurwitz and Max Warshauer, partners trading as Hurwitz Bros. & Warshauer, for $2,600, lot on east side of Fourth street, 66 feet south of Nixon, 33x150 feet in size.

—An unknown negro called at the James Walker Memorial Hospital yesterday to have a wound on his head dressed. From what could be learned, he sustained the injury from being hit over the head with a beer bottle, in a fight among several of his color at Wrightsville Beach.

—Early yesterday morning the police received a telephone message that some one was trying to enter the residence of Mr. Turlington, on Eighth, between Dock and Orange streets. An officer was sent to the residence, but the would-be burglar had been frightened away. This was the second attempt to enter the house in two successive nights.

OLD SOLDIERS' REUNION.

Can Wilmington Afford to Do Less Than Norfolk?

Mr. Editor:—In your issue of June 20th is a letter signed "E. Leon," from the committee of arrangements for the Old Soldiers' Reunion, to be held in your city the 2nd and 3rd of August, 1911.

Norfolk last year freely gave all the soldiers meals and lodgings without any questions as to ability to pay. Would Wilmington humiliate those who fought under the Star and Bars in requiring them to make a plea of poverty before they can receive the hospitality of the city and the Cape Fear Camp? How many will plead a pauper's permit who were so brave and independent in war?

Printed in Pamphlet Form.

The Wilmington Civic League has just received from the printer copies of the address in pamphlet form delivered by Mr. J. Horace McFarland, president of the American Civic Association at the Academy of Music in this city on the night of March 8th. Mr. McFarland appeared here under the auspices of the civic committee of North Carolina Sorosis and his address was not only interesting but instructive. One thousand copies of the address have been printed and will be distributed among those interested in civic improvement. The league will send one hundred copies to the American Civic Association. Those desiring a copy of the pamphlet may obtain same by applying to the Publicity Committee, Mr. H. deW. Rapalje, chairman, Room No. 511, Southern Building.

HELPFUL WORDS

From a Wilmington Citizen.

Is your back lame and painful?

Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay.

Weak kidneys fast get weaker.

Give your trouble prompt attention.

Doan's Kidney Pills act quickly.

They strengthen weak kidneys.

Read this Wilmington testimony.

Miss Mattie Hodges, 609 S. Fifth St., Wilmington, N. C., says: "I can recommend Doan's Kidney Pills just as strongly today as I did ten years ago, when I publicly told of my experience with them. Doan's Kidney Pills were procured from Bellamy's Drug Store, and they gave me more relief from kidney trouble than any other medicine I had ever taken. I have since been well and my kidneys and back have not troubled me."

At the Bijou.

Always up to the very minute and ever alert to keep in touch with the public pulse, the enterprising Bijou management is today to offer, as one of the stars of its big new bill, the greatest racing film ever created. This film was especially selected on account of the revival in horse racing now on in Wilmington, and it cost a pretty penny in order to get it. The film, which is called "A Thoroughbred," was only placed on the market Monday and comes direct to the Bijou. The film tells a pretty sweet story of love and courage, in order to form an attractive setting for the bright particular gem, which, of course, is the race track scene. The race is decidedly exciting and should be seen, especially by all lovers of the great sport of horse racing. The really remarkable Biograph film, "The Delayed Proposal," has been obtained to bring smiles to the face of the most sour-disposed mortal, while another late Biograph, "Bearded Youth," will cause screams of laughter. The musical part of today's bill will, of course, be all new and of most delightful type. The Bijou will, according to the fixed rule of the place, be cool and most comfortable.

Grand Theatre.

There is not another name that could be found more appropriate than the word "Grand" for this theatre, which has always been so since its doors were first opened and will continue to be "Grand" as long as the management has anything to do with it. Yesterday the Grand gave you a novelty in the singing line. Novelties never cease there, as every day is a source of surprise and delight to every one who appreciates a good show of this character. Today's song is entitled "Mandy, How Do You Do?" and will be sung by Mr. and Mrs. Tally, solo-duet. These warm days the Grand is an oasis—a life saver for the fatigued shoppers and pedestrians. 'Tis like being transported with one step to a zone in the far North when you enter the door. The programme for today will be headed by a great Selig subject, "Range Pals," a true story of old Arizona in the eighties.

The Airdome.

Last night large crowds attended the Airdome and were immensely pleased with the all-around good programme. The pictures were all magnificent, the songs good and well sung and the orchestral music far ahead of anything yet. Mr. Sam Pieffer has taken the leader's chair as violinist, and many of the friends that he made three years ago, while playing at Lumina, expressed their pleasure of again hearing him. Old and young will be glad to hear that this evening Dickens' "Old Curiosity Shop" has been secured as the feature film. All who are familiar with the work will enjoy seeing so good a production as this is, a masterpiece by the Thanhauser Co., staged in such a way as to be intelligible and interesting throughout. Another film abounding in comedy, containing two subjects "A Strike in the Make Young Business," and "Mr. Nearsight's Manager," will be found a genuine laugh producer: a fourth picture to be selected will complete the list of good things for the Airdome's bill of tonight, continuous from 7:30 to 11:30. The quartette and illustrated song numbers are in the same class as the balance of the programme.

Taken to Goldsboro.

Deputy Sheriffs A. L. Kelly and L. W. Tindall left last night for Goldsboro carrying with them Mary Smith, colored, adjudged insane a few days ago on a warrant charging assault with deadly weapon; later made things lively in Justice Bornemann's office; then making it difficult for Mr. Kelly to escort her to prison to await hearing relative to her sanity, the assistance of Sheriff Cowan coming at a most opportune time and the woman safely landed in jail, where she broke out several window lights and tore up the waterworks fixtures in her cell. A day or two ago she kicked Jailed J. M. Branch in the face, inflicting an ugly and painful bruise over one of his eyes. Local officers hope that they will never again have to deal with the woman.

Seashore Hotel Arranges for Special Concert Friday Morning, When Atlanta Excursionists Will Arrive.

Complimentary to the large number of Atlanta people expected to arrive on the two-train excursion Friday morning for six days' stay, Capt. Edgar L. Hinton, the genial and popular manager of the Seashore Hotel, has arranged for a special concert in the lobby of the hostelry from 11:30 A. M. to 1 P. M. to which the public generally is invited. The concert will be given by the combined Seashore and Lumina orchestras, consisting of 17 pieces, and promises to be the greatest event of the kind on the beach this season. The programme will be as follows:

"King Chantecleer"...Brown & Ayer
Intermezzo—"Naila" ..... Delibes
Selection—"The Pink Lady," ..... Ivan Caryll
Three Dances from "Henry VIII".... German
Waltz—"Gold and Silver..... Franz Lehar
Selection—"La Boheme" .....Puccini
Vocal Solo—"Night and Day"..... Brannen and Lloyd
Miss Agnes Tully.
(a) "Siesta" .....Laurens
(b) "La Zingana" .....Bohm
Selection—"The Chocolate Soldier".. Oscar Strauss
"Wedding Bells"—Rag.....Al. Coney

Capt. Hinton extends to the cottagers, guests of hotels and boarding houses and any others on the beach for the day a cordial invitation to attend the concert. Miss Tully, who will sing a solo, has a superb voice and has been heard with much pleasure by the guests at the Seashore Hotel. She is a member of the Seashore Orchestra, which is composed of five ladies.

The excursion will be the first of the season from Atlanta, Ga., and will be operated in two sections, both arriving before noon Friday. The first will be made up entirely of Pullmans and the second of day coaches. Capt. Hinton has been advised that a large number of tickets have already been disposed of and that the excursion probably will be one of the largest of the season.

Funeral of Little Child.

The funeral of little Robt. C. Rodgers, the three-year-old son of Mr. and Mrs. R. O. Rodgers, who died Tuesday after an illness of several weeks, was held from the family residence, No. 703 South Fifth street yesterday afternoon at 2:30 o'clock. The service was conducted by Rev. G. T. Adams, pastor of Fifth Street Methodist church. Interment was at Bellevue cemetery, instead of at Rose Hill, as was announced in yesterday's Star.

PERSONAL PARAGRAPHS.

—Col. S. M. Ward, of Georgetown, S. C., was in the city yesterday.

—Mr. Sigmund Bear left yesterday for a short business trip to several neighboring towns.

—Among last night's guests at The Orton were Messrs. W. T. Phifer and M. B. McAulay, of Clarkton.

—Judge C. C. Lyon, of Elizabethtown, was in the city yesterday, returning home from a trip to Columbus county.

—Mayor A. H. Pait, of Elizabethtown, is in the city on a business trip and is being pleasantly greeted by many Wilmington friends.

—Mr. J. N. Hazelhurst, of the firm of Hazelhurst & Anderson, consulting engineers of the water and sewerage systems, is spending a few days in the city.

—Among the arrivals at The Orton yesterday were: Mr. and Mrs. John M Hopkins, of Waycross, Ga.; M. deW. Stevenson, Newbern; E. B. Wright, Boardman.

—Mr. Thos. J. Gause left yesterday morning for Waynesville, N. C., to be with his brother, Mr. James F. Gause, Jr., who is quite ill, his many friends will regret to learn.

—Judge William R. Allen, Associate Justice of the North Carolina Supreme Court, is the guest for a few days of Sheriff S. P. Cowan at his hospitable home on Greenville Sound.

—Raleigh News and Observer, yesterday: "Visiting in the city yesterday was Mr. W. P. Emerson, of Wilmington, who is the agent for the Kanawha-Dispatch route via the Chesapeake and Ohio Railway."

—Mr. R. L. Harris, of Greensboro, is spending a few days in the city on business. He sells road machinery and will hold a conference with Councilman P. Q. Moore, of the Streets Department, today and hopes to place an order for some of his machinery.

—Among yesterday's arrivals at The Southern Hotel were L. T. Wells, Raleigh; W. F. Alexander, Fayetteville; C. W. Payne, Rocky Mount; Mr. and Mrs. N. M. Moore, Rhems, S. C.; W. J Marshall and wife, Marines; J. S. Harriss, Hallsboro; W. T. Rochelle, Hampstead, and E. W. Floyd, Fairmont.

Junior Excursion Yesterday.

One of the most enjoyable, as well as one of the best attended excursions of the season to Carolina Beach, was the annual outing of Jeff Davis Council, Jr., O. U. A. M., which was conducted yesterday. About six hundred went down on the steamer Wilminton in the three trips it made during the day, and all had a delightful time. With ideal weather and such a good attendance, the affair was probably the most successful the Council has ever given.

Danderine

Grows Hair and we can

PROVE IT!

The Great DANDERINE Never Fails to Produce the Desired Results.

It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

A lady from Brooklyn writes: "After a short trial my hair stopped falling, and I now have a lovely head of hair, very heavy and over one and a quarter yards long."

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. **Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.**

Now on sale at every drug and toilet store in the land; 3 sizes **25c, 50c and $1.00**

TEXACO ROOFING

is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 99 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 99 per cent pure — possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases, is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 99 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:
ECONOMY of first cost and application.
SIMPLICITY and ease of application.
PERFECTION of weather and water-resisting qualities.
MAXIMUM of strength and durability.
FIRE-RESISTING.
PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,
A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

LESS ACTIVE DAY FOR COTTON

Prices Lost the Recovery of Yesterday With Crop Months Selling Into New Low Ground—Decline 9 to 13 Points.

New York, June 21.—The cotton market was much less active today and prices just about lost the recovery of yesterday with net crop months selling into new low ground for the movement during the late trading on private reports of rain in the Southwest. The close was barely steady, at a net decline of 9@13 points.

The market opened steady at an advance of one point to a decline of one point and during the first few minutes sold off to a net loss of about 11 point on old crop positions, and of 7@8 points on the new crop under scattering liquidation and local pressure encouraged by indifferent cables and the appearance of further rains or showers in eastern and central sections of the belt. There was considerable covering on this decline as the weather map showed no further precipitation of consequence in the Southwest, with private wires claiming that general rains were still badly needed in that section, and as there were reports of further spot sales from the local stock there was no broadening of demand on the subsequent rally of several points from the lowest. During the afternoon selling for both Southern and local account became more aggressive, following private reports of rains at three or four points in Texas. Closing prices were at practically the lowest point of the day, with new crop positions at the lowest point of the movement. Private advances from the western belt continued to indicate a very favorable crop prospect in that section, while reports fro mthe western belt are conflicting.

Receipts today, 1,021 bales, against 3,504 last week and 1,287 last year. For the week, 12,000 bales, against 12,773 last week and 23,304 last year. Today's receipts in New Orleans, 475 bales, against 175 last year and at Houston, 163 bales against 235 last year.

THE GRAIN MARKET.

Chicago, June 21—With the crop damage zone said to be reaching into North Dakota, wheat today bounded higher than at any recent time. Conflicting reports, however, as to the spread of injury caused many rapid changes of front, so that the close was nervous. Latest figures were ¼ to ⅝@⅝ over last night, but averaging half cent under the top level reached today. On the other hand, corn and oats held strong throughout, the former finishing 1 to 1⅛c. up, and the latter at 7⅝ to 1⅞ advance. Hog products gained 7½@17½ net.

NO NEW FEATURE IN STOCKS

Undertone Generally Firm Except at Opening and in Final Hour—Trading Reached Low Record for Recent Days.

New York, June 21.—Extreme dullness and narrowness of movement were the dominant features of today's stock market. The undertone was generally firm, except at the opening, and in the final hour, when prices manifested a tendency to sag, but operations were so light and professional as to render the net results practically negligible. The total output was only about 193,000 shares, which almost established a low record for any recent full day.

The local market was probably affected in a measure by conditions aboard, particularly in London, where all things financial had given way to the coronation festivities. Other European exchanges were featureless, aside from some weakness in Paris and Berlin.

Home news was rather meagre and somewhat mixed. The crop situation continued to be the center of interest.

One of the negative events of the day was the declaration of the regular semi-annual dividend of Lehigh Valley, common, despite some recent forebodings. The stock recovered part of its decline of the last few days, and Reading, which has no small interest in Lehigh Valley, stiffened perceptibly.

In the Steel industry the event of the day was a cut of $2 per ton in the price of wire products by one of the subsidiaries of the United States Steel Corporation. Steel shares were firm on the statement of that corporation's chief executive that orders thus far this month have averaged from 28,000 to 30,000 tons per day, as against 24,000 tons in the preceding month. Operations of the corporation's mills are given as 68 per cent. of capacity at this time, compared with 62 per cent. last month. Trade reviews confirm the general gossip of betterment in the steel and iron interests. In the group of public utilities American Telephone made very slight recovery from its abrupt decline of the previous day.

The bond market followed the course of stocks, with here and there a reactionary trend. Total sales, par value, $2,377,000. United States government bonds were unchanged on call. Total sales of stocks for the day, 193,200 shares.

DRY GOODS MARKET.

New York, June 21.—The woolen and worsted trades are disturbed by the passage of the tariff bill through the House of Representatives. Trade in dry goods in primary markets is unusually quiet with prices fairly well maintained in cotton goods. Lines of hosiery for spring, 1912, are being opened. Worsted yarns are steady and in light demand. Cotton yarns are quiet.

WOOL TARIFF BILL CAUSE OF CRISIS

(Continued from Page One.)

the Democratic leader, "why should it not be permitted to do so, if in its judgment that is the best course to pursue."

Then across the aisle began an open bidding for Republican support for a general tariff revision. Senator Bailey declared he intended to offer the free list bill as an amendment to the reciprocity measure. Senator Dixon, Republican, Montana, said that if the reciprocity bill was to pass he would fight for a general tariff revision, so that the whole country might feel the effects of the pulling down of the protective tariff wall.

"If you are in earnest," declared Senator Williams, of Mississippi, "just come up to the mark and we'll help you make your promise good."

Senator LaFollette declared he favored a coupling of many tariff schedules with the reciprocity bill, so that the President would be compelled to pass upon them as an entirety.

"I believe," he said, "the executive who got his election on the promise of a downward revision of the tariff will and care to withhold his approval from a bill that enacts into law this Canadian pact and at the same time enacts reductions in duty in these important tariff schedules.

Mr. Penrose, in a statement, said he intended to prevent proposals before revision of many schedules. One allusion he made Senator Cummins interpreted as a reflection upon himself. His retort drew Senator Heyburn into the discussion and the latter attempted to read the Iowa Senator out of the Republican party for his refusal to obey the mandates of the caucus. Mr. Cummins said he had never been bound by any caucus, and he was proud of his record.

Senator Borah said that before the agreement is passed he will propose revision of every section of the Payne tariff law and Senator Jones, who has been counted with the regular Republicans, agreed that revision of many schedules was advisable.

It was demonstrated that the regulars could be out voted by even a partial combination of Democrats and insurgents, and further that such combinations are possible when the tariff is under consideration.

The Democrats were intent upon advancing the interests of their party measures; the insurgent Republicans upon injuring the reciprocity bill and at the same time opening the way for legislation looking to modifications of the tariff.

The general understanding is that Mr. LaFollette's suggestions will consist of a series of amendments dealing with the free list, woolen schedules, cotton manufactures and steel manufactures.

The outlook now is that today's coalition will cease when the time arrives for voting on the LaFollette or other similar provisions as amendments to the reciprocity bill.

Many of the Democrats are seriously favorable to reciprocity, and, if they believe, as they do now, that the addition of these paragraphs to the bill would have the effect of killing it, they will not vote for them.

ATTACK ROOT AMENDMENT.

Feature of Debate on Reciprocity In the Senate.

Washington, D. C., June 21.—Attack in Root amendment to the print-paper and wood pulp section of the Canadian reciprocity agreement, as a "violation of the agreement," was made in the House today by Representative Mann, of Illinois. He declared the practical effect of the amendment was to say: "This section shall never take effect."

"It would be of no benefit to any one," he said, "except those paper mills in the United States which own a temporary supply of spruce wood, pulp forests and which hope to convert them into paper at high prices during the next few years, leaving the future to look out for itself. This is neither statesmanship nor wise economy. If the reciprocity bill comes back to the House with such an amendment to the pulp and paper provision, which is absolutely destructive of its purpose and which renders its intent entirely ineffective, I trust that it will meet with instant and decisive disapproval here."

The amendment provides that there shall be no free paper or wood pulp from Canada until the President "shall have satisfactory evidence and shall make proclamation that such wood pulp, paper and board, being the product of the United States, are admitted into Canada and every province thereof free of duty."

"The Root amendment," Mr. Mann says, "destroys the agreement as to pulp and paper. It completely prevents the importation of paper free from Canada, or of paper into Canada from here free.

The American reader, the American school children the American manufacturer of newsprint paper, the Canadian owner of pulp wood and the Canadian pulpwood forests, all would benefit, Mr. Mann said, but the pulp and paper section of the agreement as adopted by the House.

"It tends," he added, "to make available the raw material and to prevent undue increase in price of the finished product; but the Root amendment will render the whole provision ineffective and of no value. It practically destroys the agreement."

SUGAR TRUST CONTROLLED.

More About Beet Sugar Interests Told at Washington Inquiry.

Washington, June 21.—That the American Sugar Refining Company owns 37 per cent. of the common stock and 55 per cent. of the preferred stock of the Michigan Sugar Refining Company, a beet sugar corporation controlling six refineries in Michigan, was declared today by C. B. Warren, president and general counsel of the beet sugar concern, in testimony before the House "Sugar Trust" Committee of Inquiry.

The Michigan Company was organized in 1906, according to Mr. Warren, six independent companies having been amalagamated with a capitalization of about nine million dollars issued, and an authorized capital of $12,000,000. Henry O. Havemeyer was interested in acquiring large blocks of shares of stock in the independent companies before the formation of the company, he said, but the controlling interest always has remained with the Michigan investors, who still hold 63 per cent. of the common stock.

"Did you represent the American Sugar Refining Company or Mr. Henry O. Havemeyer in seeking to bring about a consolidation of the independent beet sugar companies of Michigan in 1906? asked Chairman Hardwick."

"All of these companies—the Alma, Sebewaing, Bay City, Sanilac, Saginaw Valley, Peninsular and Texas Sugar companies—sought to have outside capital brought into Michigan for their benefit," said Mr. Warren. "They approached Mr. Havemeyer or his representatives in every instance except one, and those interests paid par for all the stock purchased."

"Did you advise Mr. Havemeyer in the negotiations?"

"Yes, I advised him as to the condition of the companies, and matters of that kind."

"Did you ever advise him as to whether or not the efforts of the American Sugar Refining Company in that matter might be involved as violations of the Sherman anti-trust law?"

"No, I never did anything for the American Sugar Refining Company outside the State of Michigan and had nothing to do except as I have described. I held the stock in some of these companies for Mr. Havemeyer and his associates.

The admission by the officers of the Michigan company that the sugar trust controlled 37 per cent. of their stock it was pointed out today by members of the committee is in contradiction to statements made by representatives of that company before the Ways and Means Committee of the House two years ago. It was then maintained that the American Sugar Refining Company had no interest in the Michigan Beet Sugar Corporation.

Earlier in the day Horace Havemeyer, son of the late sugar king, closed his testimony before the committee, continuing his description of the National Sugar Refining Company.

WARRANT OUT FOR GLAVIS.

Charges Brought by General Manager of Chicago Tribune.

Washington, June 21.—James Keely, general manager of the Chicago Tribune, tonight swore out a warrant for the arrest of George O. Glavis, of Chicago, charging him with stealing books, documents and papers, the Tribune's property, said to concern evidence of "moral turpitude of a United States Senator and other government officers."

Wade H. Ellis, former assistant to the attorney general, has been engaged by the Tribune as its counsel. Mr. Keely said tonight that Mr. Glavis came to him in Chicago some time ago and said that he knew that the books of a certain firm in Washington contained documentary evidence both of the moral turpitude of a certain United States Senator and other officers of the government.

"Mr. Glavis, as agent for the Tribune," said Mr. Keely, "was authorized to purchase the business and all its books and papers, and was paid a certain amount of money to make the purchase. Mr. Glavis reported that he had made the purchase of the business and its records, but has declined to turn them over to the Tribune or say what disposition has been made of them."

Mr. Glavis is said to be with an advertising agency in Chicago.

The books and records that figure in the case was stated tonight to be in connection with business relations of the "Certain Senator" and government officials before certain Federal departments, indicating payments of money to them. The Tribune was to use this as evidence "wherever competent in the public interest."

The Tribune alleges that it furnished Mr. Glavis with $650, which, it states, was the amount he said the vender of the business demanded. Mr. Keely charged tonight that Mr. Glavis says the records are not now in his possession.

The Washington authorities tonight notified the Chicago police to arrest Mr. Glavis.

MRS. HILDRETH SMITH DEAD.

Mother of Former Georgia Governor and Native of this State.

Atlanta, Ga., June 21.—Mrs. Hildreth H. Smith, mother of Governor elect Hoke Smith, died this morning at the latter's residence here. She was 76 years old and had never recovered from an attack of la grippe, contracted while visiting last Winter with her daughter, Mrs. J. E. McAshen, at Houston, Texas.

Mrs. Smith was Miss Mary Brent Hoke, of Lincolnton, N. C., the daughter of Michael Hoke, well known in the early days as a lawyer. She was educated at Old St. Mary's School at Raleigh, N. C. After her marriage she resided at Chapel Hill, N. C., where her husband was a member of the faculty of University of North Carolina.

She is survived by Mrs. McAshen and Governor Smith, Burton Smith, another son, and Mrs. F. S. Whiteside, of this place, a daughter, and by one brother, General R. F. Hoke, of Raleigh.

DEATH AT PEMBROKE.

Mrs. Lula Fisher Passes Away—Lumberton Municipal Affairs.

(Special Star Correspondence.)

Lumberton, N. C., June 21.—The sad intelligence was received here today of the death of Mrs. Lula Fisher, which occurred at the home of her parents, Capt. and Mrs. L. R. Breece, at Pembroke, early this morning. Mrs. Fisher had been declinig in health several months and while her death was not unexpected, it was a great shock to relatives and friends. During early life Mrs. Fisher lived in Lumberton, her parents having resided here several years. She was twice married, her first husband having been Mr. Braxton Townsend, for several years a popular citizen of Lumberton. The remains left this evening for Baxley, Ga., at which place she had spent several years prior to her last illness.

At the weekly meeting of the town commissioners last night, Mr. Howard Morrison, who was recently elected, tendered his resignation as a member of the Board and Mr. H. B. Jenkins was elected in his stead. When asked this morning if he would serve, Mr. Jenkins said he had not given the matter a thought and did not know yet what he would do. No better selection could have been made.

Work began today laying brick for the new Methodist Church. There has been delay in getting the brick. No man ever worked harder to get anything going that Rev. E. M. Hoyle has worked to get this new building begun.——The advance agent of the Coley & Ward Comedy Co., was here today, arranging for the coming of that attraction here next week.——The Seaboard has a force of men putting down a concrete foundation for a new water tank here.——Miss Grace Redmond will leave for Wilmington tomorrow morning to spend several days with friends.——Mr. and Mrs. E. P. Gray returned last night from their bridal tour which included several important Northern cities and will make their home for the present with Mrs. Essie McLean, on North Elm street.

STOLE FROM BATTLESHIPS.

Paymaster's Clerk Arrested for Theft of $46,000 From Georgia.

Buffalo, N. Y., June 21.—Edward Valentine Lee, aged 26, a native of Russellville, Ky., and a paymaster's clerk, charged with taking $46,000 from the battleship Georgia February 11th, at Havana, was arrested here this afternoon by local detectives.

Word about the man had been sent to Washington from Toronto, where it was reported he was spending considerable money. Two government agents took the trail here and followed him here. Lee was taken into custody today while out automobiling with a woman.

At police headquarters $25,000 in bills was found in a small bag he carried and $800 was found in his pockets. According to the police Lee said that he had lived beyond his pay of $140 a month and began stealing in a small way and doctoring the books. When he realized that exposure was imminent he took most of the pay of the ship's crew and fled. He had traveled extensively in safety, even taking a trip about Europe in an automobile. He will be arraigned in the Federal Court here tomorrow and told the officers he will plead guilty.

CAROLINA BANKERS MEET.

Record-Breaking Attendance at Kanuga Lake, N. C.

Kanuga, Lake, N. C., June 21.—Marked by a record-breaking attendance about 300 delegates being present, the 15th annual convention of the North Carolina Bankers' Association opened its sessions tonight at the famous Kanuga Club. Bankers and financial authorities of National reputation are present.

President W. C. Wilkinson, in his address of welcome spoke favorably of Chairman Aldrich's plan for the revision of the monetary system, except as to the plan of retiring the circulation of National bank notes, the redemption of 2 per cent. bonds by banks to secure circulation and the failure to include State banks and trust companies in the plan. He said that while it was the concensus of opinion that the government had no right to enter in the banking business, that it would not interfere with the business of commercial banks.

There is marked increase in the membership over last year.

Asheville, N. C., June 21.—An address on "Character Building" by Dr. John R. Mott, general secretary of the World's Christian Student Federation, featured today's session of the Young Men's Christian Association. The church's need of more and especially abler men for the ministry was emphasized in an address by Rev. Henry H. Sweets, of Louisville, Ky., secretary of the Presbyterian Board of Ministerial Education in an address on The "Ministry as a Life Work."

The Inter-collegiate baseball results were as follows:

Vanderbilt University 3, Mississippi A. and M., 2; Davidson College 5, Wake Forest, 3; Mercer University, 15, North Carolina A. & M., 0.

DOWN IN MEXICO.

Former Insurrectos Again Armed and Making Government Trouble.

Mexico City, June 19.—In what appears to be open defiance of the constituted government and the wishes of the former leader of the revolution, Emiliano Zapata has re-armed several hundred former insurrectos in the capital of Morelos. His action has placed Francisco I. Madero, Jr., in an embarrassing position and may result in orders to General Figueroa, Seapatsold commander, to lead against him the troops of Guerrero.

Madero has ordered Zapata to report here to explain. That he will avail himself of this offer is considered by most people except Madero, as improbable.

If Zapata does not come to the capital it is almost a certainty that quick measures will be taken to crush his rebellion.

NEGRO CONVICT ESCAPES.

Alonzo Green Takes French Leave of County Chain Gang.

News reached the city yesterday of the escape of Alonzo Green, colored, from the county chain gang Monday morning. Up to a late hour last night the negro was still at large, although a determined effort had been made to recapture him.

Green escaped while at work with other convicts unloading cars near the National cemetery on the Market street road. He was trailed to the north of the city Monday afternoon and several shots were fired at him by his pursuers, whom he managed to elude. When last seen he was going in the direction of the bridge across the northeast branch of the Cape Fear and it is thought that he made his way into Brunswick county.

The search for him has not been abandoned, however, and the authorities hope to have him back on the gang before many days. The negro was sent to the roads last April to serve a sentence of four years.

BASEBALL AT FAIRMONT.

Locals Defeated Fayetteville Team Tuesday Afternoon.

(Special Star Correspondence.)

Fairmont, N. C., June 21.—The second niners from Fairmont and Fayetteville crossed bats yesterday afternoon here and a snappy little game of ball was the result. Fayetteville went to the bat first and it was three up and three down for quite a while. On the last half of the third, however, the monotony was broken by Fairmont pulling in four runs. Fayetteville retaliated by scoring a couple next time and twice again in the seventh. Neither side scored again until the last half of the ninth, when Fairmont broke the tie with a single score. With two men down and one on third Floyd knocked a clean grounder through short, bringing in the winning score. The score:

Fayetteville .....000 200 200—4
Fairmont .....004 000 001—5
